Sections Filed, November 17, 2010 to April 20, 2011	716

The *California Regulatory Notice Register* is an official state publication of the Office of Administrative Law containing notices of proposed regulatory actions by state regulatory agencies to adopt, amend or repeal regulations contained in the California Code of Regulations. The effective period of a notice of proposed regulatory action by a state agency in the *California Regulatory Notice Register* shall not exceed one year [Government Code § 11346.4(b)]. It is suggested, therefore, that issues of the *California Regulatory Notice Register* be retained for a minimum of 18 months.

CALIFORNIA REGULATORY NOTICE REGISTER (USPS 002-931), (ISSN 1041-2654) is published weekly by the Office of Administrative Law, 300 Capitol Mall, Suite 1250, Sacramento, CA 95814-4339. The Register is printed by Barclays, a subsidiary of West, a Thomson Reuters Business, and is offered by subscription for \$205.00 (annual price). To order or make changes to current subscriptions, please call (800) 888-3600. "Periodicals Postage Paid in Saint Paul, MN." **POSTMASTER:** Send address changes to the: CALIFORNIA REGULATORY NOTICE REGISTER, Barclays, a subsidiary of West, a Thomson Reuters Business, P.O. Box 2006, San Francisco, CA 94126. The Register can also be accessed at <http://www.oal.ca.gov>.

**PROPOSED ACTION ON
REGULATIONS**

Information contained in this document is published as received from agencies and is not edited by Thomson Reuters.

**TITLE 2. FAIR POLITICAL
PRACTICES COMMISSION**

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission, pursuant to the authority vested in it by Sections 82011, 87303, and 87304 of the Government Code to review proposed conflict-of-interest codes, will review the proposed/amended conflict-of-interest codes of the following:

CONFLICT-OF-INTEREST CODE

ADOPTION

MULTICOUNTY: Modoc County Office of
Education
Los Angeles-San Diego-San Luis
Obispo Rail Corridor Agency
(LOSSAN)
STATE: California Ocean Science Trust

AMENDMENT

MULTICOUNTY: Golden Sierra Job Training
Agency

A written comment period has been established commencing on **April 29, 2011** and closing on **June 13, 2011**. Written comments should be directed to the Fair Political Practices Commission, Attention Alexandra Castillo, 428 J Street, Suite 620, Sacramento, California 95814.

At the end of the 45-day comment period, the proposed conflict-of-interest code(s) will be submitted to the Commission's Executive Director for his review, unless any interested person or his or her duly authorized representative requests, no later than 15 days prior to the close of the written comment period, a public hearing before the full Commission. If a public hearing is requested, the proposed code(s) will be submitted to the Commission for review.

The Executive Director of the Commission will review the above referenced conflict-of-interest code(s),

proposed pursuant to Government Code Section 87300, which designate, pursuant to Government Code Section 87302, employees who must disclose certain investments, interests in real property and income.

The Executive Director of the Commission, upon his or its own motion or at the request of any interested person, will approve, or revise and approve, or return the proposed code(s) to the agency for revision and re-submission within 60 days without further notice.

Any interested person may present statements, arguments or comments, in writing to the Executive Director of the Commission, relative to review of the proposed conflict-of-interest code(s). Any written comments must be received no later than **June 13, 2011**. If a public hearing is to be held, oral comments may be presented to the Commission at the hearing.

COST TO LOCAL AGENCIES

There shall be no reimbursement for any new or increased costs to local government which may result from compliance with these codes because these are not new programs mandated on local agencies by the codes since the requirements described herein were mandated by the Political Reform Act of 1974. Therefore, they are not "costs mandated by the state" as defined in Government Code Section 17514.

**EFFECT ON HOUSING COSTS
AND BUSINESSES**

Compliance with the codes has no potential effect on housing costs or on private persons, businesses or small businesses.

AUTHORITY

Government Code Sections 82011, 87303 and 87304 provide that the Fair Political Practices Commission as the code reviewing body for the above conflict-of-interest codes shall approve codes as submitted, revise the proposed code and approve it as revised, or return the proposed code for revision and re-submission.

REFERENCE

Government Code Sections 87300 and 87306 provide that agencies shall adopt and promulgate conflict-of-interest codes pursuant to the Political Reform Act and amend their codes when change is necessitated by changed circumstances.

CONTACT

Any inquiries concerning the proposed conflict-of-interest code(s) should be made to Alexandra Castillo,

Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

AVAILABILITY OF PROPOSED CONFLICT OF INTEREST CODES

Copies of the proposed conflict-of-interest codes may be obtained from the Commission offices or the respective agency. Requests for copies from the Commission should be made to Alexandra Castillo, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission, pursuant to the authority vested in it by Sections 82011, 87303 and 87304 of the Government Code to review proposed conflict-of-interest codes, will review the proposed/amended conflict-of-interest codes of the following:

CONFLICT-OF-INTEREST CODES

MULTICOUNTY: Newhall Ranch High Country
Recreation & Conservation
Authority
San Francisco Bay Restoration
Authority

AMENDMENT

STATE AGENCY: Department of Consumer Affairs

MULTICOUNTY: Solano County Water Agency
Aspire Public Schools

A written comment period has been established commencing on **April 29, 2011** and closing on **June 13, 2011**. Written comments should be directed to the Fair Political Practices Commission, Attention: Cyndi Glaser, 428 J Street, Suite 620, Sacramento, California 95814.

At the end of the 45-day comment period, the proposed conflict-of-interest code(s) will be submitted to the Commission's Executive Director for his review; unless any interested person or his or her duly authorized representative requests, no later than 15 days prior to the close of the written comment period, a public hearing before the full Commission. If a public hearing is requested, the proposed code(s) will be submitted to the Commission for review.

The Executive Director of the Commission will review the above-referenced conflict-of-interest code(s), proposed pursuant to Government Code Sec-

tion 87300, which designate, pursuant to Government Code Section 87302, employees who must disclose certain investments, interests in real property and income.

The Executive Director of the Commission, upon his or its own motion or at the request of any interested person, will approve, or revise and approve, or return the proposed code(s) to the agency for revision and re-submission within 60 days without further notice.

Any interested person may present statements, arguments or comments, in writing to the Executive Director of the Commission, relative to review of the proposed conflict-of-interest code(s). Any written comments must be received no later than **June 13, 2011**. If a public hearing is to be held, oral comments may be presented to the Commission at the hearing.

COST TO LOCAL AGENCIES

There shall be no reimbursement for any new or increased costs to local government which may result from compliance with these codes because these are not new programs mandated on local agencies by the codes since the requirements described herein were mandated by the Political Reform Act of 1974. Therefore, they are not "costs mandated by the state" as defined in Government Code Section 17514.

EFFECT ON HOUSING COSTS AND BUSINESSES

Compliance with the codes has no potential effect on housing costs or on private persons, businesses or small businesses.

AUTHORITY

Government Code Sections 82011, 87303 and 87304 provide that the Fair Political Practices Commission as the code reviewing body for the above conflict-of-interest codes shall approve codes as submitted, revise the proposed code and approve it as revised, or return the proposed code for revision and re-submission.

REFERENCE

Government Code Sections 87300 and 87306 provide that agencies shall adopt and promulgate conflict-of-interest codes pursuant to the Political Reform Act and amend their codes when change is necessitated by changed circumstances.

CONTACT

Any inquiries concerning the proposed conflict-of-interest code(s) should be made to Cyndi Glaser, Fair

Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 327-5966.

AVAILABILITY OF PROPOSED CONFLICT-OF-INTEREST CODES

Copies of the proposed conflict-of-interest codes may be obtained from the Commission offices or the respective agency. Requests for copies from the Commission should be made to Cyndi Glaser, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 327-5966.

TITLE 3. DEPARTMENT OF FOOD AND AGRICULTURE

Notice of Proposed Rulemaking

The Department of Food and Agriculture proposes to amend the regulations described below after considering all comments, objections, and recommendations regarding the proposed action.

PUBLIC HEARING

The Department has not scheduled a public hearing on this proposed action. However, the Department will hold a hearing if it receives a written request for a public hearing from any interested person, or his or her authorized representative, no later than 15 days before the close of the written comment period.

WRITTEN COMMENT PERIOD

Any interested person, or his or her authorized representative, may submit written comments relevant to the proposed regulatory actions to the Department. Comments may be submitted by mail, facsimile (FAX) at 916.654.1018 or by email to sbrown@cdfa.ca.gov. The written comment period closes at 5:00 p.m. on June 13, 2011. The Department will consider only comments received at the Department offices by that time. Submit comments to:

Stephen S. Brown
Department of Food and Agriculture
Plant Health and Pest Prevention Services
1220 N Street, Room 210
Sacramento, California 95814

AUTHORITY AND REFERENCE

The Department amended Section 3437 pursuant to the authority vested by Sections 401.5, 403, 407, 5301,

5302 and 5322 of the Food and Agricultural Code of California. The Department amended Section 3437 to implement, interpret and make specific Sections 5301, 5302 and 5322, Food and Agricultural Code.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Existing law provides that the Secretary is obligated to investigate the existence of any pest that is not generally distributed within this State, determine the probability of and prevent its spread, and investigate the feasibility of its control or eradication (Food and Agricultural Code (FAC) Sections 403 and 5321).

Existing law also provides that the Secretary may establish, maintain and enforce quarantine, eradication and other such regulations as he deems necessary to protect the agricultural industry from the introduction and spread of pests (FAC Sections 401, 403, 407 and 5322). Existing law also provides that eradication regulations may proclaim any portion of the State as an eradication area and set forth the boundaries, the pest, its hosts and the methods to be used to eradicate the pest (FAC Section 5761).

The proposed amendment of Section 3437 will remove Lake County from the area under quarantine for European Grapevine Moth (EGVM); and will exempt the following articles from meeting the requirements of the quarantine: almonds in dried/split husks ready for harvest, nuts extracted from fruit, olive fruit (with or without stems or twigs), petioles and leaf blades of *Vitis*, spp. and fermented wine, must and pomace. The effect of the amendment will be to remove authority for the State to regulate movement of hosts and possible carriers of EGVM within and from Lake County, and to remove the authority for the State to regulate movements of the exempted articles.

DISCLOSURES REGARDING THE PROPOSED ACTION

The Department has made the following initial determinations:

Mandate on local agencies and school districts: None.
Costs or savings to any state agency: None.

Cost to any local agency or school district which must be reimbursed in accordance with Government Code sections 17500 through 17630: None.

Other nondiscretionary cost or savings imposed on local agencies: None.

Costs or savings in federal funding to the state: None.

Significant, statewide adverse economic impact directly affecting business including the ability of California businesses to compete with businesses in other states: None.

Cost impacts on a representative private person or business: The Department is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

These regulatory actions will not:

- (1) create or eliminate jobs within California;
- (2) create new business or eliminate existing businesses within California; or
- (3) affect the expansion of businesses currently doing business within California.

Significant effect on housing costs: none.

Small Business Determination:

The Department has determined that the proposed regulations affect small business.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code section 11346.5, subdivision (a)(13), the Department of Food and Agriculture must determine that no reasonable alternative considered by the Department or that has otherwise been identified and brought to the attention of the Department would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

The Department invites interested persons to present statements or arguments with respect to alternatives to the proposed regulations at the scheduled hearing or during the written comment period.

CONTACT

Inquiries concerning the proposed administrative action may be directed to:

Stephen Brown
Department of Food and Agriculture
Plant Health and Pest Prevention Services
1220 N Street, Room 210
Sacramento, California 95814
916.654.1017
FAX 916.654.1018
sbrown@cdfa.ca.gov

The backup contact person for these inquiries is:

Lindsay Rains
Department of Food and Agriculture
Plant Health and Pest Prevention Services
1220 N Street, Room 210
Sacramento, California 95814
916.654.1017
FAX 916.654.1018
lrains@cdfa.ca.gov

Please direct requests for copies of the proposed text (the “express terms”) of the regulations, the initial statement of reasons, the modified text of the regulations, if any, or other information upon which the rulemaking is based to Mr. Brown at the above address.

INTERNET ACCESS

The Department has posted the information regarding this proposed regulatory action on its website (www.cdfa.ca.gov/cdfa/pendingregs).

AVAILABILITY OF STATEMENT OF REASONS AND TEXT OF PROPOSED REGULATIONS, AND RULEMAKING FILE

The Department of Food and Agriculture will have the entire rulemaking file available for inspection and copying throughout the rulemaking process at its office at the above address. As of the date this notice is published in the Notice Register, the rulemaking file consists of this notice, the initial statement of reasons for the proposed action and the express terms of the proposed action. Copies may be obtained by contacting Stephen S. Brown at the address or phone number listed above.

AVAILABILITY OF CHANGED OR MODIFIED TEXT

After considering all timely and relevant comments received, the Department may adopt, repeal and/or amend the proposed regulations substantially as described in this notice. If the Department makes modifications which are sufficiently related to the originally proposed text, it will make the modified text (with the changes clearly indicated) available to the public for at least 15 days before the Department adopts the regulations as revised. Please send requests for copies of any modified regulations to the attention of Stephen S. Brown at the address indicated above. The Department will accept written comments on the modified regulations for 15 days after the date on which they are made available.

AVAILABILITY OF THE FINAL STATEMENT
OF REASONS

Upon its completion, copies of the Final Statement of Reasons will be posted on the Department's web site or a copy may be obtained by contacting Mr. Brown at the above address.

**TITLE 5. EDUCATION AUDIT
APPEALS PANEL**

Notice of Proposed Rulemaking

Audits of K–12 Local Education Agencies
Fiscal Year 2011–12

The Education Audit Appeals Panel (EAAP) proposes to adopt the regulations described below after considering all comments, objections, and recommendations regarding the proposed action.

Public Hearing:

A public hearing regarding this proposal is not currently scheduled. Not later than 15 days prior to the close of the written comment period, any interested person, or his or her authorized representative, may make a written request for a public hearing pursuant to Government Code section 11346.8, and a public hearing will be held. Requests for a public hearing should be addressed to Carolyn Pirillo.

Written Comment Period:

Any interested person, or his or her authorized representative, may submit written comments relevant to the proposed regulatory action. The written comment period closes at **5:00 p.m. on Monday, June 13, 2011**. EAAP will consider only written comments received by that time. Written comments for EAAP's consideration should be directed to:

Carolyn Pirillo, Staff Counsel
Education Audit Appeals Panel
770 L Street, Suite 1100
Sacramento, CA 95814

Fax: (916) 445–7626
e-mail: cpirillo@eaap.ca.gov

Authority and Reference:

Authority cited: Section 14502.1, Education Code.
Reference: Sections 14501, 14502.1, 14503, and 41020 of the Education Code, and Section 41 of Chapter 724 of the Statutes of 2010 (A.B. 1610, eff. Oct. 19, 2010).

INFORMATIVE DIGEST/POLICY STATEMENT
OVERVIEW

The regulations in Title 5 of the California Code of Regulations, Division 1.5, Chapter 3, constitute the audit guide required by Education Code sections 14503 and 41020. The audit guide provides guidance, through definitions of terms and specification of procedures, to auditors in the conduct of statutorily required financial and compliance audits of local education agencies.

Article 2, Audit Reports, prescribes report components (Section 19815), provides definitions of terms (Section 19816), and specifies which sections of the audit guide are applicable to each audit year (Section 19816.1). Amendments are proposed to sections 19815 and 19816 to reflect current audit standards and guidance, and conforming changes are made. Subparagraph (g) of Section 19816 is amended to limit its applicability to prior fiscal years; successor subparagraph (h) provides a revised definition of the "Report on State Compliance" for fiscal years 2011–12 and following, and includes a list of the compliance requirements for fiscal year 2011–12 and the corresponding numbers of audit procedures.

Section 19816(i) (Schedule of Average Daily Attendance) is redesignated as (j) and is amended to specify the language applicable to different fiscal years and to specify that for fiscal year 2011–12 and following, charter school Average Daily Attendance data is to be reported separately for each charter school. Section 19816.1 specifies which sections are applicable to audit year 2011–12.

Article 3, (State Compliance Requirements: Local Education Agencies Other Than Charter Schools), Article 3.1 (State Compliance Requirements: School Districts and Charter Schools), and Article 4 (State Compliance Procedures: Charter Schools) list the particular state-funded education programs that are required to be audited and set forth procedures that direct auditors to relevant documents and reports and guide auditors in determining whether an auditee was in compliance with the relevant statutory and regulatory requirements during the period audited. No amendments are proposed for Article 4.

In Article 3, amendments are made to Section 19817.1 Regular and Special Day Classes to limit its application to prior years. The successor Section 19817.2 Attendance Reporting is added for fiscal years 2011–12 and following to ensure that all programs for which attendance is reported are audited, subject to materiality provisions in the audit guide. Subparagraphs (e) and (f) of Section 19817.1 are moved to new Section 19817.5 Teacher Certification and Misassignments. Section 19840 Juvenile Court Schools is added pursuant to legislation enacted October 19, 2010, which requires that

Average Daily Attendance records for juvenile court schools operated by a county superintendent of schools be included in the annual audit guide.

In Article 3.1, Section 19846 After School Education and Safety Programs is amended to limit its applicability to fiscal years 2007–08 through 2010–11. Successor Section 19846.1 After School Education and Safety Programs, applicable to fiscal years 2011–12 and following, clarifies testing before and after school program attendance and reporting discrepancies, and adds audit procedures to determine whether the local education agency has a process or procedure that gives enrollment priority to the pupils in middle or junior high school who attend the after school component or the before school component daily.

Disclosures Regarding the Proposed Action:

- Mandate on local agencies and school districts: None
- Cost or savings to any state agency: None
- Cost to any local agency or school district which must be reimbursed in accordance with Government Code section 17561: None
- Other non-discretionary cost or savings imposed upon local educational agencies: None
- Cost or savings in federal funding to the state: None
- Significant, statewide adverse economic impact directly affecting business including the ability of California businesses to compete with businesses in other states: None.
- Cost impact on a representative private person or business: EAAP is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.
- Adoption of these regulations will not:
 - (1) create or eliminate jobs within California;
 - (2) create new businesses or eliminate existing businesses within California; or
 - (3) affect the expansion of businesses currently doing business within California.
- Significant effect on housing costs: EAAP has made an initial determination that the proposed regulatory action would not affect housing costs.
- Effect on small businesses: The proposed regulations will have no effect on small businesses because they do not materially alter the requirements for LEA audits.

Consideration of Alternatives:

In accordance with Government Code Section 11346.5(a)(13), EAAP must determine that no reasonable alternative considered by EAAP or that has other-

wise been identified and brought to the attention of EAAP would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

EAAP invites interested persons to present statements or arguments regarding alternatives to the proposed regulations during the written comment period.

Contact Persons:

Inquiries concerning the substance of the proposed action, requests for a copy of the proposed text of the regulations, the Initial Statement of Reasons, the modified text of the regulations, if any, and other technical information upon which the rulemaking is based, and questions on the proposed administrative action may be directed to Carolyn Pirillo, Staff Counsel, at (916) 445-7745 or by email: cpirillo@eaap.ca.gov. The back-up contact person for general inquiries is Mary Kelly, Executive Officer, at (916) 445-7745.

Availability of Initial Statement of Reasons and Text of Proposed Regulations:

The entire rulemaking file will be available for inspection and copying throughout the rulemaking process at EAAP's office at the above address. As of the date this notice is published in the Notice Register, the rulemaking file consists of this notice, the proposed text of the regulations, and the initial statement of reasons. A copy may be obtained by contacting Carolyn Pirillo at the above address.

Availability of Changed or Modified Text:

Following the comment period, and a hearing, if requested, and consideration of all timely and relevant comments received, EAAP may adopt the proposed regulations substantially as described in this notice. If EAAP makes modifications that are sufficiently related to the originally proposed text, the modified text (with changes clearly indicated) will be available to the public for at least 15 days before EAAP adopts the regulations as revised. Requests for copies of any modified regulations should be sent to the attention of Carolyn Pirillo at the address stated above. EAAP will accept written comments on the modified regulations for 15 days after the date on which they are made available.

Availability of the Final Statement of Reasons:

Upon completion of the Final Statement of Reasons, a copy may be obtained by contacting Carolyn Pirillo at the above address, or from EAAP's website.

Availability of Documents on the Internet:

Copies of the Notice of Proposed Rulemaking, Initial Statement of Reasons, text of the regulations in underline and strikeout, any changed or modified text, and Final Statement of Reasons will be accessible, through the EAAP website: www.eaap.ca.gov.

TITLE 8. OCCUPATIONAL SAFETY AND HEALTH STANDARDS BOARD

NOTICE OF PUBLIC MEETING/PUBLIC HEARING/BUSINESS MEETING OF THE OCCUPATIONAL SAFETY AND HEALTH STANDARDS BOARD AND NOTICE OF PROPOSED CHANGES TO TITLE 8 OF THE CALIFORNIA CODE OF REGULATIONS

Pursuant to Government Code Section 11346.4 and the provisions of Labor Code Sections 142.1, 142.2, 142.3, 142.4, and 144.6, the Occupational Safety and Health Standards Board of the State of California has set the time and place for a Public Meeting, Public Hearing, and Business Meeting:

PUBLIC MEETING: On **June 16, 2011**, at 10:00 a.m. in the Auditorium of the Harris State Building, 1515 Clay Street, Oakland, California.

At the Public Meeting, the Board will make time available to receive comments or proposals from interested persons on any item concerning occupational safety and health.

PUBLIC HEARING: On **June 16, 2011**, following the Public Meeting, in the Auditorium of the Harris State Building, 1515 Clay Street, Oakland, California.

At the Public Hearing, the Board will consider the public testimony on the proposed changes to occupational safety and health standards in Title 8 of the California Code of Regulations.

BUSINESS MEETING:

On **June 16, 2011**, following the Public Hearing, in the Auditorium of the Harris State Building, 1515 Clay Street, Oakland, California.

At the Business Meeting, the Board will conduct its monthly business.

DISABILITY ACCOMMODATION NOTICE

Disability accommodation is available upon request. Any person with a disability requiring an accommodation, auxiliary aid or service, or a modification of policies or procedures to ensure effective communication and access to the public hearings/meetings of the Occupational Safety and Health Standards Board should

contact the Disability Accommodation Coordinator at (916) 274-5721 or the state-wide Disability Accommodation Coordinator at 1-866-326-1616 (toll free). The state-wide Coordinator can also be reached through the California Relay Service, by dialing 711 or 1-800-735-2929 (TTY) or 1-800-855-3000 (TTY-Spanish).

Accommodations can include modifications of policies or procedures or provision of auxiliary aids or services. Accommodations include, but are not limited to, an Assistive Listening System (ALS), a Computer-Aided Transcription System or Communication Access Realtime Translation (CART), a sign-language interpreter, documents in Braille, large print or on computer disk, and audio cassette recording. Accommodation requests should be made as soon as possible. Requests for an ALS or CART should be made no later than five (5) days before the hearing.

NOTICE OF PROPOSED CHANGES TO TITLE 8 OF THE CALIFORNIA CODE OF REGULATIONS BY THE OCCUPATIONAL SAFETY AND HEALTH STANDARDS BOARD

Notice is hereby given pursuant to Government Code Section 11346.4 and Labor Code Sections 142.1, 142.4 and 144.5, that the Occupational Safety and Health Standards Board pursuant to the authority granted by Labor Code Section 142.3, and to implement Labor Code Section 142.3, will consider the following proposed revisions to Title 8, General Industry Safety Orders and the Telecommunication Safety Orders of the California Code of Regulations, as indicated below, at its Public Hearing on **June 16, 2011**.

1. **TITLE 8: GENERAL INDUSTRY SAFETY ORDERS**

Division 1, Chapter 4, Subchapter 7, Article 7

Sections 3302 and 3308

Hazardous Liquids

2. **TITLE 8: TELECOMMUNICATION SAFETY ORDERS**

Division 1, Chapter 4, Subchapter 21, Article 1

Section 8608

Fixed Ladders and Steps for Telecommunication Towers and Poles

Descriptions of the proposed changes are as follows:

1. **TITLE 8: GENERAL INDUSTRY SAFETY ORDERS**

Division 1, Chapter 4, Subchapter 7, Article 7

Sections 3302 and 3308

Hazardous Liquids

INFORMATIVE DIGEST OF PROPOSED ACTION/POLICY STATEMENT OVERVIEW

This rulemaking proposal is the result of an Occupational Safety and Health Appeals Board (OSHAB) Decision in the Matter of AB & I Foundry, Docket No. 08–R1D4–380 dated March 23, 2009. The Division of Occupational Safety and Health cited the employer under Section 3308 Hot Pipes and Hot Surfaces, for failing to protect the employee from contact with hot surfaces. Existing Section 3308 stipulates that exposed surfaces having an external surface temperature of 140 degrees F or higher shall be covered with a thermal insulating material or otherwise guarded against contact. The OSHAB decision stated that the citation raises the question of whether the standard applies to only solid surfaces or also to liquid surfaces or a combination of solid and liquid surfaces.

Board staff notes that the GISO Section 3480 pertains to liquid hazards employees can fall into, as would be the case when they work above such materials. However, these standards only apply to vats, pans, tanks and similar vessels and would not apply to hazardous liquids contained in such locations as a slag pond.

Section 3302. Hazardous Liquids.

It is proposed that existing Section 3302 be renamed “Hazardous Liquids.” The intent of this proposal is to provide a general, performance–based requirement to prevent injuries from employee contact with hazardous liquids for situations other than those addressed by GISO Section 3480. The proposal defines a hazardous liquid as a substance capable of inflicting physical injury. The proposal gives examples of those injuries. This proposal will clarify to employers and enforcement personnel that hazardous liquids are capable of inflicting physical injury throughout a range of temperatures and that employees must be protected from contact. The amendment provides a standard specifically for liquid substances, which are not covered under Section 3308. It also provides an exception for situations where compliance with the performance–based requirement is impracticable, in which case the employer is required to provide personal protective equipment and safeguards in accordance with GISO Article 10.

Section 3308. Hot Pipes and Hot Surfaces.

Existing Section 3308 provides distance and temperature requirements in regard to exposures to hot pipes and hot surfaces having an external surface temperature of 140 degrees F or higher. An informative Note regarding liquids is proposed for Section 3308 to refer to Section 3302.

COST ESTIMATES OF PROPOSED ACTION

Costs or Savings to State Agencies

No costs or savings to state agencies will result as a consequence of the proposed action.

Impact on Housing Costs

The Board has made an initial determination that this proposal will not significantly affect housing costs.

Impact on Businesses

The Board has made an initial determination that this proposal will not result in a significant, statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

Cost Impact on Private Persons or Businesses

The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Costs or Savings in Federal Funding to the State

The proposal will not result in costs or savings in federal funding to the state.

Costs or Savings to Local Agencies or School Districts Required to be Reimbursed

No costs to local agencies or school districts are required to be reimbursed. See explanation under “Determination of Mandate.”

Other Nondiscretionary Costs or Savings Imposed on Local Agencies

This proposal does not impose nondiscretionary costs or savings on local agencies.

DETERMINATION OF MANDATE

The Occupational Safety and Health Standards Board has determined that the proposed regulations do not impose a local mandate. Therefore, reimbursement by the state is not required pursuant to Part 7 (commencing with Section 17500) of Division 4 of the Government Code because the proposed amendments will not require local agencies or school districts to incur additional costs in complying with the proposal. Furthermore, these standards do not constitute a “new program or higher level of service of an existing program within the meaning of Section 6 of Article XIII B of the California Constitution.”

The California Supreme Court has established that a “program” within the meaning of Section 6 of Article XIII B of the California Constitution is one which carries out the governmental function of providing services to the public, or which, to implement a state policy, imposes unique requirements on local governments and does not apply generally to all residents and

entities in the state. (County of Los Angeles v. State of California (1987) 43 Cal.3d 46.)

These proposed regulations do not require local agencies to carry out the governmental function of providing services to the public. Rather, the regulations require local agencies to take certain steps to ensure the safety and health of their own employees only. Moreover, these proposed regulations do not in any way require local agencies to administer the California Occupational Safety and Health program. (See City of Anaheim v. State of California (1987) 189 Cal.App.3d 1478.)

These proposed regulations do not impose unique requirements on local governments. All state, local and private employers will be required to comply with the prescribed standards.

EFFECT ON SMALL BUSINESS

The Board has determined that the proposed amendments may affect small businesses. However, no economic impact is anticipated.

ASSESSMENT

The adoption of the proposed amendments to these regulations will neither create nor eliminate jobs in the State of California nor result in the elimination of existing businesses or create or expand businesses in the State of California.

REASONABLE ALTERNATIVES CONSIDERED

Our Board must determine that no reasonable alternative considered by the Board or that has otherwise been identified and brought to the attention of the Board would be more effective in carrying out the purpose for which the action is proposed or would be as effective as and less burdensome to affected private persons than the proposed action.

2. **TITLE 8: TELECOMMUNICATION SAFETY ORDERS**

Division 1, Chapter 4, Subchapter 21,
Article 1

Section 8608

Fixed Ladders and Steps for Telecommunication Towers and Poles

INFORMATIVE DIGEST OF PROPOSED ACTION/POLICY STATEMENT OVERVIEW

This rulemaking action was initiated in part as a result of Petition No. 510 that was submitted by Mike Coghlan, Vice President — Sales and Marketing, for Sabre

Towers and Poles. The petition noted that there are numerous telecommunication towers in California that comply with federal standards but do not comply with current California Title 8 standards.

Specifically, federal OSHA telecommunication standards in 29 CFR 1910.268(h)(2) state that fixed ladder rungs shall have a minimum clear width of 12 inches. The federal standard further states that fixed ladder rungs and step rungs for poles and towers shall have a minimum diameter of 5/8 inch. California's counterpart standards in the Telecommunication Safety Orders (TSO) Section 8608(a) do not address the requirements for fixed ladders that are permanently attached to telecommunication towers. Consequently, those provisions for fixed ladders are provided in the General Industry Safety Orders (GISO) Section 3277(d), which requires fixed ladder rungs to have minimum diameter of 3/4 inch and a minimum clear length (width between the side rails) of 16 inches, and which requires that ladder rungs shall be uniformly spaced not to exceed 12 inches between the top surfaces of rungs.

It is evident through observation and discussions with stakeholders in the communications industry, including tower and pole manufacturers, that there are a significant number of California communication towers that have fixed ladders with rungs 5/8 inch in diameter and that are 12 inches in width between the side rails. Without this proposal, a large number of telecommunication towers could require retrofitting or modifications to their existing fixed ladders to meet greater dimensions and wider spacing specified in Section 3277. Many of these communication towers reach significant heights and are not designed with enough space and/or structural support to accommodate the size and weight of heavy fixed metal ladders.

The proposal was developed with the assistance of an advisory committee, and it addresses requirements for fixed ladders installed on telecommunication towers and poles and also includes amendments for clarity in Section 8608(a) related to permanent and detachable steps on poles and towers. Additionally, the proposal updates the reference to the California Public Utilities Commission (CPUC) General Order (G.O.) No. 95 which includes stepping requirements for certain poles that have strand mounted or pole mounted equipment installed.

Section 8608. Poles, Towers and Ladders.

Section 8608 of the TSO contains general requirements for the installation and spacing of steps installed on poles and towers and also provides requirements for the use of certain portable ladders.

Subsection (a)

Existing subsection (a) provides various dimensional, spacing and installation requirements for permanent

and detachable steps that are used for climbing poles and towers. All of the requirements for existing subsection (a) are contained in one paragraph making it difficult to make amendments or modifications with clarity. The proposal deletes existing subsection (a) and relocates the existing requirements with edits and modifications into separate subsections for clarity.

A definition applicable to subsection (a) is proposed for the term “steps” to avoid confusion with respect to the specific requirements for steps on poles and towers. Steps on poles are typically installed in a uniform pattern on both sides of the pole. Steps on towers are typically installed on one or more of the supporting leg structures of a tower. The definition will have the effect of providing clarity and avoiding confusion because the term “steps” is sometimes used in describing stairways and certain ladders which are not related to the provisions in subsection (a).

Subsections (a)(1) through (a)(4)

Proposed subsection (a)(1) provides the design requirements for permanent steps on poles and towers, and its requirements are relocated from existing subsection (a). Subsection (a)(2) provides certain design requirements for detachable steps on poles and towers and requires that they be properly secured when in use. Detachable steps typically provide access from the ground level to permanent steps and are designed such that some would not be 5/8 inch in diameter as specified for permanent steps. Therefore, the design requirements for permanent steps and detachable steps [subsections (a)(1) and (a)(2)], are provided in separate subsections. Subsection (a)(3) is relocated from existing subsection (a) and provides the spacing requirements for permanent and detachable steps.

Language proposed for subsection (a)(4) is relocated in large part from existing subsection (a). Also, if there is a footing or foundation, the lowest detachable step shall be no more than 24 inches above the top surface of the footing/foundation, which is necessary to address situations where a pole or the support legs of a tower have a substantial footing/foundation that would make it difficult or impossible, and of no use to install a detachable step 24 inches above the ground line (e.g. a footing/foundation is 20 inches from the ground to the top surface would require a detachable step only 4 inches from the top of the footing/foundation).

The proposed amendments for subsections (a)(1) through (a)(4) will have the effect of providing clarity to the requirements for permanent and detachable steps for poles and towers.

Subsection (a)(5)

Existing Section 8608(b) is proposed to be re-designated as subsection (a)(5) for optimal numerical sequencing and formatting of the proposal. The existing

language in subsection (b) provides that wood poles with pole or strand mounted terminals (e.g. equipment or junction boxes providing access points for communication services) expected to be frequently climbed for maintenance or operating purposes shall be stepped in accordance with the CPUC G.O. No. 95, March 1980.

The proposal deletes the reference to “wood poles” and replaces it with “poles” in order to include poles other than wood, such as steel poles that may in some cases be equipped with mounted communication terminals. The term “frequently” is deleted, as this term is not defined in the TSO and makes the existing standard vague.

Also, the proposal references the 2009, rather than the 1980, version of CPUC G.O. No. 95. There have been only minor changes between CPUC G.O. No. 95 — March 1980 provisions and the current August 2009 edition. It is apparent none of the minor changes would cause any need for material changes, retrofitting or a phase-in effective date in order to reference the 2009 edition. However, the 1980 version is very difficult to obtain, while the August 2009 version is available free on the CPUC website. The proposal also identifies the applicable sections from CPUC G.O. No. 95 — 2009 that pertain to steps on poles and incorporates them by reference.

The proposed amendment will add clarity to the standard and make it easier to identify and obtain the applicable sections from G.O. No. 95 that pertain to step requirements on poles.

Subsection (b)(1)

Proposed new language for subsection (b) addresses the requirements for fixed ladders that are installed on poles and towers. It should be noted that because some telecommunication poles can be wide in diameter, a fixed ladder is often installed when climbing is required. Subsection (b)(1) states that fixed ladders shall be “approved” as provided in Section 3206 of the GISO. The effect of this provision is to ensure that fixed ladders are appropriately designed and installed for their intended use.

Subsection (b)(2)

Subsection (b)(2) is consistent with similar provisions in the counterpart federal standard, 29 CFR 1910.268(h)(2). Existing standards in TSO Section 8608 do not address requirements for fixed ladders installed on towers. The proposal states that fixed ladder rungs for poles and towers shall have a minimum diameter of 5/8-inch and a minimum clear width of 12 inches between the side rails. The effect of this proposal is to provide consistency with the ladder width requirements specified in the federal standard and to address the concern that a number of California telecommunication towers could possibly require retrofitting or

modifications to their existing fixed ladders in order to meet greater dimensions and wider spacing specified in GISO Section 3277(d). No indication was given in the advisory committee that the use of the dimensions in the federal standard diminishes safety.

Subsection (b)(3)

Proposed subsection (b)(3) provides the maximum vertical spacing (distance) between the top surfaces of rungs shall not exceed 12 inches and shall be uniform throughout the length of the ladder. This is the accepted and observed spacing for fixed ladder rungs installed on towers. The effect of this amendment is to require that fixed ladders have a maximum vertical rung spacing that provides for safe access and that is uniformly spaced throughout the ladder.

DOCUMENT INCORPORATED BY REFERENCE

- California Public Utilities Commission, General Order No. 95 — August 2009, Sections 51.7, 81.6, 84.7–E, and 91.3.

This document is too cumbersome or impractical to publish in Title 8. Therefore, it is proposed to incorporate this document by reference. Copies of this document are available for review Monday through Friday from 8:00 a.m. to 4:30 p.m. at the Standards Board Office located at 2520 Venture Oaks Way, Suite 350, Sacramento, California.

COST ESTIMATES OF PROPOSED ACTION

Costs or Savings to State Agencies

No costs or savings to state agencies will result as a consequence of the proposed action.

Impact on Housing Costs

The Board has made an initial determination that this proposal will not significantly affect housing costs.

Impact on Businesses

The Board has made an initial determination that this proposal will not result in a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states. The rationale for this statement is provided in the comments under the heading “Specific Technology or Equipment” in the Initial Statement of Reasons document.

Cost Impact on Private Persons or Businesses

The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Costs or Savings in Federal Funding to the State

The proposal will not result in costs or savings in federal funding to the state.

Costs or Savings to Local Agencies or School Districts Required to be Reimbursed

No costs to local agencies or school districts are required to be reimbursed. See explanation under “Determination of Mandate.”

Other Nondiscretionary Costs or Savings Imposed on Local Agencies

This proposal does not impose nondiscretionary costs or savings on local agencies.

DETERMINATION OF MANDATE

The Occupational Safety and Health Standards Board has determined that the proposed standard does not impose a local mandate. Therefore, reimbursement by the state is not required pursuant to Part 7 (commencing with Section 17500) of Division 4 of the Government Code because the proposed amendments will not require local agencies or school districts to incur additional costs in complying with the proposal. Furthermore, this standard does not constitute a “new program or higher level of service of an existing program within the meaning of Section 6 of Article XIII B of the California Constitution.”

The California Supreme Court has established that a “program” within the meaning of Section 6 of Article XIII B of the California Constitution is one which carries out the governmental function of providing services to the public, or which, to implement a state policy, imposes unique requirements on local governments and does not apply generally to all residents and entities in the state. (*County of Los Angeles v. State of California* (1987) 43 Cal.3d 46.)

The proposed standard does not require local agencies to carry out the governmental function of providing services to the public. Rather, the standard requires local agencies to take certain steps to ensure the safety and health of their own employees only. Moreover, the proposed standard does not in any way require local agencies to administer the California Occupational Safety and Health program. [See *City of Anaheim v. State of California* (1987) 189 Cal.App.3d 1478.]

The proposed standard does not impose unique requirements on local governments. All state, local and private employers will be required to comply with the prescribed standard.

EFFECT ON SMALL BUSINESSES

The Board has determined that the proposed amendments may affect small businesses. However, no economic impact is anticipated. Also see comments under the heading “Specific Technology or Equipment” in the Initial Statement of Reasons document.

ASSESSMENT

The adoption of the proposed amendments to this standard will neither create nor eliminate jobs in the State of California nor result in the elimination of existing businesses or create or expand businesses in the State of California.

REASONABLE ALTERNATIVES CONSIDERED

Our Board must determine that no reasonable alternative considered by the Board or that has otherwise been identified and brought to the attention of the Board would be more effective in carrying out the purpose for which the action is proposed or would be as effective as and less burdensome to affected private persons than the proposed action.

A copy of the proposed changes in STRIKEOUT/UNDERLINE format is available upon request made to the Occupational Safety and Health Standard Board's Office, 2520 Venture Oaks Way, Suite 350, Sacramento, CA 95833, (916) 274-5721. Copies will also be available at the Public Hearing.

An INITIAL STATEMENT OF REASONS containing a statement of the purpose and factual basis for the proposed actions, identification of the technical documents relied upon, and a description of any identified alternatives has been prepared and is available upon request from the Standards Board's Office.

Notice is also given that any interested person may present statements or arguments orally or in writing at the hearing on the proposed changes under consideration. It is requested, but not required, that written comments be submitted so that they are received no later than June 10, 2011. The official record of the rulemaking proceedings will be closed at the conclusion of the public hearing and written comments received after 5:00 p.m. on June 16, 2011, will not be considered by the Board unless the Board announces an extension of time in which to submit written comments. Written comments should be mailed to the address provided below or submitted by fax at (916) 274-5743 or e-mailed at oshsb@dir.ca.gov. The Occupational Safety and Health Standards Board may thereafter adopt the above proposals substantially as set forth without further notice.

The Occupational Safety and Health Standards Board's rulemaking file on the proposed actions including all the information upon which the proposals are based are open to public inspection Monday through Friday, from 8:30 a.m. to 4:30 p.m. at the Standards Board's Office, 2520 Venture Oaks Way, Suite 350, Sacramento, CA 95833.

The full text of proposed changes, including any changes or modifications that may be made as a result of

the public hearing, shall be available from the Executive Officer 15 days prior to the date on which the Standards Board adopts the proposed changes.

Inquiries concerning either the proposed administrative action or the substance of the proposed changes may be directed to Marley Hart, Executive Officer, or Mike Manieri, Principal Safety Engineer, at (916) 274-5721.

You can access the Board's notice and other materials associated with this proposal on the Standards Board's homepage/website address which is <http://www.dir.ca.gov/oshsb>. Once the Final Statement of Reasons is prepared, it may be obtained by accessing the Board's website or by calling the telephone number listed above.

TITLE 15. DEPARTMENT OF CORRECTIONS AND REHABILITATION

NOTICE OF PROPOSED REGULATIONS

California Code of Regulations Title 15, Crime Prevention and Corrections Department of Corrections and Rehabilitation

NOTICE IS HEREBY GIVEN that the Secretary of the California Department of Corrections and Rehabilitation (CDCR), pursuant to the authority granted by Government Code Section 12838.5 and Penal Code (PC) Section 5055, and the rulemaking authority granted by PC Section 5058, in order to implement, interpret and make specific PC Section 5054, proposes to amend Sections 3090, 3176.4, 3315, and 3323 in the California Code of Regulations, Title 15, Division 3, concerning Inmate Discipline.

PUBLIC HEARING

Date and Time: June 22, 2011 — 9:00 a.m. to 10:00 a.m.

Place: Department of Corrections and Rehabilitation
Kern Room
1515 S Street—North Building
Sacramento, CA 95811

Purpose: To receive comments about this action.

PUBLIC COMMENT PERIOD

The public comment period will close June 22, 2011, at 5:00 p.m. Any person may submit public comments in writing (by mail, by fax or by e-mail) regarding the proposed changes. To be considered by the Department,

comments must be submitted to the Department of Corrections and Rehabilitation, Regulation and Policy Management Branch, P.O. Box 942883, Sacramento, CA 94283-0001; by fax at (916) 324-6075; or by e-mail at RPMB@cdcr.ca.gov before the close of the comment period.

CONTACT PERSON

Please direct any inquiries regarding this action to:

Timothy M. Lockwood, Chief
Regulation and Policy Management Branch
Department of Corrections and Rehabilitation
P.O. Box 942883, Sacramento, CA 94283-0001
Telephone (916) 445-2269

In the event the contact person is unavailable, inquiries should be directed to the following back-up person:

Randy Blackwell
Regulation and Policy Management Branch
Telephone (916) 445-2217

Questions regarding the substance of the proposed regulatory action should be directed to:

Albert Chamberlin
Associate Warden (A)
Division of Adult Institutions
916-323-2160

LOCAL MANDATES

This action imposes no mandates on local agencies or school districts, or a mandate which requires reimbursement of costs or savings pursuant to Government Code Sections 17500 through 17630.

FISCAL IMPACT STATEMENT

- Cost or savings to any state agency: *None.*
- Other nondiscretionary cost or savings imposed on local agencies: *None.*
- Cost or savings in federal funding to the state: *None.*

EFFECT ON HOUSING COSTS

The Department has made an initial determination that the proposed action will have no significant effect on housing costs.

COST IMPACTS ON REPRESENTATIVE PRIVATE PERSONS OR BUSINESSES

The Department is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT DIRECTLY AFFECTING BUSINESS

The Department has initially determined that the proposed regulations will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

EFFECT ON SMALL BUSINESSES

The Department has determined that the proposed regulations may not affect small businesses. It is determined that this action has no significant adverse economic impact on small business because they are not affected by the internal management of state prisons.

ASSESSMENTS OF EFFECTS ON JOB AND/OR BUSINESS CREATION, ELIMINATION OR EXPANSION

The Department has determined that the proposed regulation will have no effect on the creation of new, or the elimination of existing jobs or businesses within California, or affect the expansion of businesses currently doing business in California.

CONSIDERATION OF ALTERNATIVES

The Department must determine that no reasonable alternative considered by the Department, or that has otherwise been identified and brought to the attention of the Department, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective and less burdensome to affected private persons, than the proposed regulatory action.

AVAILABILITY OF PROPOSED TEXT AND INITIAL STATEMENT OF REASONS

The Department has prepared and will make available the text and the Initial Statement of Reasons (ISOR) of the proposed regulations. The rulemaking file for this regulatory action, which contains those items and all information on which the proposal is based

(i.e., rulemaking file) is available to the public upon request directed to the Department's contact person. The proposed text, ISOR, and Notice of Proposed Action will also be made available on the Department's website <http://www.cdcr.ca.gov>.

AVAILABILITY OF THE FINAL STATEMENT OF REASONS

Following its preparation, a copy of the Final Statement of Reasons (FSOR) may be obtained from the Department's contact person.

AVAILABILITY OF CHANGES TO PROPOSED TEXT

After considering all timely and relevant comments received, the Department may adopt the proposed regulations substantially as described in this Notice. If the Department makes modifications which are sufficiently related to the originally proposed text, it will make the modified text (with the changes clearly indicated) available to the public for at least 15 days before the Department adopts the regulations as revised. Requests for copies of any modified regulation text should be directed to the contact person indicated in this Notice. The Department will accept written comments on the modified regulations for 15 days after the date on which they are made available.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

PC Section 5000 provides that commencing July 1, 2005, any reference to the Department of Corrections in this or any code, refers to the CDCR, Division of Adult Operations.

PC Section 5050 provides that commencing July 1, 2005, any reference to the Director of Corrections, in this or any other code, refers to the Secretary of the CDCR. As of that date, the office of the Director of Corrections is abolished.

PC Section 5054 provides that commencing July 1, 2005, the supervision, management and control of the state prisons, and the responsibility for the care, custody, treatment, training, discipline, and employment of persons confined therein are vested in the Secretary of the CDCR.

PC Section 5058 authorizes the Director to prescribe and amend regulations for the administration of prisons.

This action will provide the following:

- Amends Sections 3090, 3176.4, 3315 and 3323 in the California Code of Regulations, Title 15, Division 3, concerning Inmate Discipline.
- Provides clarity to existing language which has been found to reflect incorrect references which creates confusion to staff and inmates.
- Adopts new language to include "Assault on a Non-Prisoner" as a Division "D" offense. The inclusion of this charge is necessary to be in compliance with Penal Code Sections 241, 4500 and 4501 and will give staff clear direction in holding inmates accountable for this type of behavior.

TITLE 16. BUREAU OF AUTOMOTIVE REPAIR

NOTICE OF PROPOSED REGULATORY ACTION AND PUBLIC HEARING CONCERNING

STAR Program SPECIFICALLY

Inspection-Based Performance Standards; Removal of the Gold Shield Certification Program; and Application for STAR certification

NOTICE IS HEREBY GIVEN that the Department of Consumer Affairs/Bureau of Automotive Repair (hereinafter "Bureau" or "BAR") is proposing to take the action described in the Informative Digest. Any person interested may present statements or arguments orally or in writing relevant to the action proposed at hearings to be held at the following locations on the following dates:

SOUTHERN CALIFORNIA

Friday, June 10, 2011 at 10:00 a.m.
Bureau of Automotive Repair
Conference/Training Room
1180 Durfee Avenue, Suite 120
South El Monte, CA 91733

NORTHERN CALIFORNIA

Monday, June 13, 2011 at 10:00 a.m.
Department of Consumer Affairs
Hearing Room
1625 North Market Blvd., S-102
Sacramento, CA 95834

Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under Contact Person in this Notice, must be **received by the Bureau at its office no later than 5:00 p.m. on Tuesday, June 14, 2011**, or must be received by the Bureau at one of the above referenced hearings. **Comments sent to persons or addresses other than those specified under Contact Person, or received after the date and time specified above, regardless of the manner of transmission, will be included in the record of this proposed regulatory action, but will not be summarized or responded to.** The Bureau, upon its own motion or at the request of any interested party, may thereafter formally adopt the proposals substantially as described below or may modify such proposals if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in this Notice as contact person and will be mailed to those persons who submit oral or written testimony related to this proposal or who have requested notification of any changes to the proposal.

AUTHORITY AND REFERENCE

Pursuant to the authority vested by Section 9882 of the Business and Professions Code, and to implement, interpret or make specific Sections 44001.5, 44010.5, 44012, 44014, 44014.2, 44014.5, 44015, 44024.5, and 44036 of the Health and Safety Code, the Bureau is proposing to adopt the following changes to Article 5.5 of Chapter 1, Division 33, Title 16, California Code of Regulations and Article 10 of Chapter 1, Division 33, Title 16, California Code of Regulations.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

INTRODUCTION:

The Bureau of Automotive Repair (BAR), within the Department of Consumer Affairs (DCA), is the state agency charged with the administration and implementation of the Smog Check Program (Program). The Program is designed to reduce emissions from mobile sources, such as passenger vehicles, SUVs, and trucks by requiring these vehicles to meet specific emissions standards as a condition of vehicle registration.

BACKGROUND:

AB 2289 (Eng, Chapter 258, Statutes of 2010) requires BAR to establish inspection-based performance standards that stations would be required to meet in order to be eligible to issue certificates of compliance or

non-compliance to likely high-emitting and gross-polluting vehicles pursuant to Health and Safety Code (H&SC) section 44010.5 and 44014.7, respectively.

The direction of vehicles most likely to fail their Smog Check inspection is done as part of State Implementation Plan (SIP) to help California achieve federal Clean Air Act requirements. Further, vehicles failing an inspection as a Gross Polluter, meaning they had exceptionally high exhaust emissions readings, are also required to receive a certificate of compliance at a STAR certified station.

Prior to the passage of AB 2289, all Test-Only and Gold Shield stations were eligible to test likely high-emitting and gross-polluting vehicles. AB 2289 made significant changes to statute and required all Test-Only and Test-and-Repair stations to meet the same inspection-based performance standards, developed by BAR, before they could test likely high-emitting and gross polluting vehicles. In addition, BAR requires Test-and-Repair stations meeting inspection-based performance standards to perform state subsidized repairs as part of the Consumer Assistance Program (CAP). Additionally, Test-Only stations are required to meet the same eligibility requirements as a condition of testing likely high-emitting and gross polluting vehicles.

The existing Gold Shield performance criteria include repair-based standards that cannot be applied to Test-Only stations. The new certification program, referred to as the STAR program, relies solely on inspection-based performance standards. Some current inspection-based performance standards currently in use have been revised to improve accuracy in determining whether or not a station or technician is properly inspecting vehicles. These regulations will help improve the effectiveness of the Program by incentivizing the proper inspection of vehicles.

In order to become STAR certified, a Smog Check station cannot surpass the specified test deviations, in a calendar quarter, for the following short term standards:

1. Failure to inspect ignition timing.
2. Failure to perform the fuel cap integrity test.
3. Failure to perform the Low Pressure Fuel Evaporative Test.
4. Failure to perform the OBDII test.
5. Passing OBDII systems with the maximum number of unset readiness monitors allowed.
6. Restarting tests to provide a second chance at passing an inspection.
7. Aborting tests to provide a second chance at passing an inspection.

These short term measures identify parts of the Smog Check inspection that are either not being performed or not being performed correctly. Some vehicles are not

compatible with all parts of the Smog Check inspection, due in part to vehicle design. As a result, these measures were designed to only identify a deviation if a majority of similar vehicles in the fleet received the same part of the inspection and the technician failed to perform the test.

Additionally, this proposal creates the Similar Vehicle Failure Rate (SVFR). The SVFR requires that a station failure rate must be greater than or equal to 75% of the failure rate for similar vehicles.

The STAR program also includes a long-term measure called the Follow-up Pass Rate (FPR). The FPR scores reflect the probability that vehicles inspected by each station or technician pass at a higher rate than average in the vehicle's next inspection cycle.

Finally, BAR will evaluate the enforcement history of stations. Station owners applying for certification cannot have been subject to any citations in the past year; administrative actions in the past three years; been convicted of a crime substantially related to their duties as an ARD, Smog Check station, or a Smog Check technician in the past three years; been liable in a civil suit related to their duties as an ARD, a Smog Check station, or a Smog Check technician in the past three years; or had their STAR certification invalidated within the last six months.

CURRENT REGULATION:

Existing regulation in the California Code of Regulations, Title 16, Division 33, Chapter 1, Article 5.5, is summarized as follows:

1. Section 3340.1 specifies definitions used in the Smog Check Program.
2. Section 3340.16 specifies Test-Only station requirements and conflict of interest rules for consumer referrals.
3. Section 3340.16.5 specifies Test-and-Repair station requirements and conflict of interest rules for consumer referrals.
4. Section 3340.41 describes inspection, test and repair requirements.

Existing regulation in the California Code of Regulations, Title 16, Division 33, Chapter 1, Article 10, is summarized as follows:

1. Section 3392.1 describes the Gold Shield program.
2. Section 3392.2 specifies the responsibilities of a Gold Shield station.
3. Section 3392.3 specifies the eligibility for the Gold Shield program.
4. Section 3392.5 specifies the causes for invalidation of Gold Shield station certification.

5. Section 3392.6 specifies the Gold Shield Program hearing and determination.

Adopt regulation in the California Code of Regulations, Title 16, Division 33, Chapter 1, Article 10, is summarized as follows:

1. Section 3392.2.1 specifies the required services of a STAR station.
2. Section 3392.3.1 specifies the eligibility for the STAR certification.
3. Section 3392.4 specifies the STAR Program evaluation criteria.
4. Section 3392.5.1 specifies the causes for invalidation of STAR station certification.
5. Section 3392.6.1 specifies the STAR Program hearing and determination.

EFFECT OF REGULATORY ACTION:

The Bureau of Automotive Repair (BAR) is proposing the following amendments to existing regulations:

I. Inspection-Based Performance Standards: AB 2289 requires BAR to establish inspection-based performance standards that stations would be required to meet in order to issue certificates to likely high-emitting and gross-polluting vehicles pursuant to H&SC sections 44010.5 and 44014.7, respectively. This voluntary program will be referred to as the STAR program. The new program will be available to any Test-and-Repair and Test-Only station meeting eligibility criteria established in regulation. The STAR program is based on some criteria currently applied to certified Gold Shield Test-and-Repair stations, with the addition of new criteria intended to improve the identification of higher-performing stations.

II. Removal of the Gold Shield Certification Program: As part of the implementation of the inspection-based performance standards, BAR must revise the current Gold Shield regulations to provide a sunset date for the program. The Gold Shield program will sunset on December 31, 2012 and be replaced with the STAR program commencing January 1, 2013. The current Gold Shield program provides for the voluntary certification of licensed Smog Check Test-and-Repair stations. These certified stations are permitted to test likely high-emitting vehicles for their biennial Smog Check inspection and gross-polluting vehicles pursuant to H&SC sections 44010.5 and 44014.7, respectively.

III. Incorporate the STAR Application: Due to the implementation of inspection-based performance standards, BAR developed a new application for the STAR certification program. This application will be incorporated by reference into regulation.

The proposed action will make the following changes to existing regulation:

1. Amend Section 3340.1 of Article 5.5 of Chapter 1 of Division 33 of Title 16 of the California Code of Regulations, as follows:

a. Add definition for Acceleration Simulation Mode (ASM) test.

The ASM test is not new to the Smog Check Program, but the definition was not included in prior regulatory packages. It is necessary to define an ASM test to provide the public clear and concise regulations.

b. Add definition for chassis dynamometer since this term is used in the definition of ASM.

Although a chassis dynamometer is not a new component to the Smog Check Program the definition was never defined in regulation. It is necessary to define a chassis dynamometer to provide the public clear and concise regulations.

c. Amend the definition of clean piping.

The definition was reworded to provide a more accurate description of what the act of clean piping entails. This change makes it easier for the public to understand the term.

d. Amend the existing Comparative Failure Rate (CFR) definition.

This revision adds a sunset date of December 31, 2012 for the CFR definition, which is used in determining Gold Shield eligibility.

e. Add a definition for Excessive Test Deviation Rate.

This term is necessary to define because it will be used to identify higher-performing stations. This metric is designed to measure improper inspection behavior. BAR measures the rate at which a station exceeds the maximum level of improper inspections for several elements of a Smog Check. If a station surpasses a specified number of test deviations the station is not eligible for STAR certification or, if already certified, it may be grounds for BAR to invalidate the station's certification.

f. Add a definition for Follow-up Pass Rate (FPR).

The FPR is like the Similar Vehicle Failure Rate (SVFR), but rather than examining the expected versus achieved failure rates as a function of who is inspecting the vehicles today, it groups the data based upon who last certified the vehicles. In short, vehicles certified improperly in the past inspection cycle are more likely to fail in the current cycle than vehicles that were properly certified. BAR created the FPR as a long-term performance measure for identifying higher-performing stations.

g. Add a definition for Gear Shift incident.

Shifting a vehicle transmission into the wrong gear during an ASM test is a quick way to improperly pass vehicles undergoing Smog Check inspections. By having a vehicle transmission in the correct gear during an emissions test, vehicles are more likely to receive a proper inspection. BAR created this performance measure for the purpose of identifying higher-performing stations. ASM inspection procedures, including proper gear selection for automatic and manual transmission vehicles, are included in the Smog Check Inspection Procedures Manual, which is incorporated by reference in California Code of Regulations (CCR) section 3340.45 of Title 16.

h. Amend the definition of Gold Shield station.

Due to the passage of AB 2289, it is necessary to sunset the current Gold Shield certification program and replace it with the proposed STAR certification program.

i. Add definition for Similar Vehicle Failure Rate (SVFR), which will become effective July 1, 2012.

The new SVFR will be used to predict whether a station is failing vehicles at a reasonable rate when compared to results from similar vehicles inspected at other stations. BAR created this performance measure for the purpose of identifying higher-performing stations.

j. Add a definition for Similar Vehicles to clarify the term included in the definitions of SVFR and FPR.

A similar vehicle means a vehicle with the same VLT Row ID. If sufficient data for a certain vehicle is not available, it will be compared to vehicles with similar model year, make, model, engine displacement, transmission type and body type. This term

- has been added to provide the public clear and concise regulations.
- k. Add a definition for the STAR program.
BAR is developing in this regulation a new certification program that relies on inspection-based performance standards mandated by AB 2289. It is necessary to define the program to provide the public clear and concise regulations. This new voluntary certification program, which will be open to all Smog Check Test-Only and Test-and-Repair stations, will be called the "STAR program."
 - l. Add the definition of Technician Information Table.
The Technician Information Table already exists as a function of the emissions inspection system (EIS), which is used to perform Smog Check inspections. The information in this table will be used to determine whether a particular technician is employed to perform Smog Check inspections at a specific station. BAR will use this information in calculating the station FPR score. Adding this definition provides the Smog Check stations and technicians clear and concise regulations.
 - m. Add a definition for Test Deviation.
Test deviations are an indicator of improper inspections and, as such, have been included as a measure of performance. This term is necessary to define because it will be used to identify higher-performing stations.
 - n. Amend the definition of Test-Only station.
This proposed change updates the definition to provide the public with a more accurate and recognizable description of a Test-Only station.
 - o. Add the definition of the Two-Speed Idle (TSI) test.
While the TSI test is not new to the Smog Check Program, it was never defined in regulation. A definition will make certain that the term is used consistently throughout regulations. Adding this definition provides stations and technicians clear and concise regulations.
 - p. Add the definition of VLT Row ID.
VLT Row ID is a term used in the definitions for SVFR and FPR. This definition is necessary because it is a specialized term only used in relation to the Smog Check Program.
2. Amend Section 3340.16 of Article 5.5 of Chapter 1 of Division 33 of Title 16 of the California Code of Regulations, as follows:
 - a. Amend subsection (e) to add a sunset date.
Recent amendments to H&SC section 44014.5 changed a provision in law that made it illegal for a Test-Only station to refer a vehicle owner to a particular ARD or provider of repair services. This section of regulation will sunset on December 31, 2012 once the new STAR performance standards become operative.
 - b. Add subsection (f).
This subsection will become effective after the sunset date of subsection (e). This subsection was added due to recent amendments to H&SC section 44014.5. AB 2289 removed certain "conflict of interest" language preventing ownership of Test-Only and Test-and-Repair stations within a certain proximity. Changes to this section harmonize with statutory requirements.
This change creates a new subsection (f) in regulation.
 - c. Amend subsection (g).
This section limits a Test-Only station from having any financial interest in a Test-and-Repair station within 50 statute miles of each other. Due to recent amendments to H&SC section 44014.5, this limitation is no longer valid and therefore must sunset on December 31, 2012.
This amendment also renumbers subsection (f) to (g).
 - d. Add subsection (h).
As a result of AB 2289, H&SC section 44014.5 was amended to restrict a Test-Only station from referring a vehicle owner to a repair facility in which the Test-Only has a financial interest. This section incorporates these changes and specifies in detail what a financial interest entails.
 3. Amend Section 3340.16.5 of Article 5.5 of Chapter 1 of Division 33 of Title 16 of the California Code of Regulations, as follows:

- a. Amend subsection (b)(3) to replace loaded mode with ASM.
This change is necessary to use consistent terminology for a term that is defined in Section 3340.1.
 - b. Amend subsection (d), to add a sunset date.
Recent amendments to H&SC section 44014.5 changed a provision in law that made it illegal for a Test-and-Repair station to refer a vehicle owner to a particular Test-Only station for testing and certification of a vehicle that has been identified as a likely high-emitter. This section of regulation will sunset on December 31, 2012 once the new STAR performance standards become operative.
 - c. Add subsection (e).
H&SC section 44014.5 was recently amended to restrict a Test-Only station from referring a vehicle owner to a repair facility in which the Test-Only has a financial interest. AB 2289 did not specifically address, but left open for interpretation, the relationship of a Test-and-Repair station, which is not STAR certified, from referring a vehicle to a particular STAR station. As a result, this regulation specifies that a Test-and-Repair station cannot refer a likely high-emitting vehicle to a particular STAR station in which it has a financial interest. This section incorporates these changes and specifies in detail what a financial interest entails.
 - d. Amend subsection (e).
This section limits a Test-and-Repair station from having any financial interest in a Test-Only station within 50 statute miles of each other. Due to recent amendments to H&SC section 44014.5, this limitation is no longer valid and therefore must sunset on December 31, 2012.
This amendment also renumbers subsection (e) to (f).
4. Amend Section 3340.41 of Article 5.5 of Chapter 1 of Division 33 of Title 16 of the California Code of Regulations, as follows:
 - a. Amend subsection (e) to add a sunset date.
This requires BAR to sunset the current Gold Shield program on December 31, 2012 in favor of the STAR program which only uses inspection-based performance standards.
 - b. Add subsection (f).
Due to recent statute changes pursuant to AB 2289, BAR was mandated to develop inspection-based performance standards that would apply to both licensed Test-Only and Test-and-Repair stations. As a result, the new STAR program requires likely high-emitting and gross polluting vehicles to receive an inspection at STAR certified stations.
 5. Amend Section 3392.1 of Article 10 of Chapter 1 of Division 33 of Title 16 of the California Code of Regulations, as follows:
 - a. Due to recent statute changes pursuant to AB 2289, BAR was mandated to develop inspection-based performance standards. This requires BAR to sunset the current Gold Shield program on December 31, 2012.
 6. Amend Section 3392.2 of Article 10 of Chapter 1 of Division 33 of Title 16 of the California Code of Regulations, as follows:
 - a. Due to recent statute changes pursuant to AB 2289, BAR was mandated to develop inspection-based performance standards. This requires BAR to sunset the current Gold Shield program on December 31, 2012.
 7. Add Section 3392.2.1 of Article 10 of Chapter 1 of Division 33 of Title 16 of the California Code of Regulations, as follows:
 - a. As of January 1, 2013, the Gold Shield program will be replaced with the STAR program. Specific changes are as follows:
 - i. The title of the section has been changed for the purpose of providing clarity.
 - ii. As applicable, the required services of STAR certified stations include the following:
 1. Certify Gross Polluters;
 2. Certify likely high-emitting vehicles;
 3. STAR certified stations located outside of an Enhanced Area may certify a vehicle registered in an Enhanced Area if the vehicle is owned by a motor vehicle dealer;
 4. Offer CAP services;
 5. Perform repair work in a good and workmanlike manner;
 6. Allow BAR staff reasonable access.
 - iii. Since both Test-Only and Test-and-Repair stations are eligible to become STAR certified, the requirements assigned to them need to

be changed to emphasize their distinction. Specifically, Test-and-Repair stations meeting the performance standards established under this voluntary certification program are required to offer state-subsidized repairs under the Consumer Assistance Program to vehicles failing a biennial Smog Check inspection pursuant to Health and Safety Code section 44062.1; while Test-Only stations cannot because they are licensed only to perform inspections on vehicles.

- iv. Other minor changes were made to improve the clarity of portions of this section.
8. Amend Section 3392.3 of Article 10 of Chapter 1 of Division 33 of Title 16 of the California Code of Regulations, as follows:
 - a. Due to recent statute changes pursuant to AB 2289, BAR was mandated to develop inspection-based performance standards. This requires BAR to sunset the current Gold Shield program on December 31, 2012.
9. Add Section 3392.3.1 of Article 10 of Chapter 1 of Division 33 of Title 16 of the California Code of Regulations, as follows:
 - a. This section defines eligibility requirements for stations seeking STAR certification and incorporates by reference the STAR Station Certification Application form (STAR-1 07/1/2012). At the end of December 31, 2012, the current Gold Shield program will sunset. To assure that the transition to the new STAR program is seamless, this section permits current Gold Shield certified stations, as well as any other station seeking to participate in the STAR program to apply and become certified up to six months prior to the STAR program becoming operational on January 1, 2013. This means stations can apply and become certified beginning as early as July 1, 2012 for the STAR program that becomes operational on January 1, 2013.
 - b. Since AB 2289 requires the BAR to develop a certification program based solely on inspection-based performance standards, all repair-related requirements currently applicable to the Gold Shield program will be eliminated under the STAR program. BAR will use new inspection-based performance standards, some of which are derived from the current Gold Shield eligibility criteria, to

determine station eligibility for the STAR program. The following are requirements of the STAR program:

- i. Similar Vehicle Failure Rate (SVFR)

The SVFR is used to predict whether a station is failing vehicles at a reasonable rate when compared to inspection results for similar vehicles inspected at other stations statewide. At present, BAR uses the CFR, which examines model year and whether a vehicle was required to have an inspection pursuant to H&SC section 44010.5, to determine expected versus achieved failure rates. The proposed SVFR definition incorporates additional vehicle specific characteristics, such as make, model, and vehicle mileage, to produce a more accurate measure of performance. To be eligible for the STAR program, a station's SVFR in the most recent calendar quarter shall be greater than or equal to 75% of the state-wide failure rate in the Smog Check inspection industry.
- ii. Gear Shift incidents

Shifting a vehicle transmission into the wrong gear during an ASM test can be a quick way to falsely pass a vehicle's Smog Check inspection. By having a vehicle transmission in the correct gear during an emissions test, vehicles are more likely to receive a proper inspection.
- iii. Excessive Test Deviation Rate (Ignition Timing Test, Fuel Cap Integrity Test, Low-Pressure Fuel Evaporative Test (LPFET), On-Board Diagnostics (OBDII) Test, OBDII Readiness Monitors, ASM Inspection Restarts, and Inspection Aborts)

This metric is designed to measure potentially problematic inspection behavior. BAR measures the rate at which a station exceeds the maximum level of improper inspections for each of these required elements of a Smog Check. The Excessive Test Deviation Rate is counted for each of the following occurrences:

 1. The rate at which the ignition timing test is not performed on vehicles for which it should be

- performed exceeds the statewide average for similar vehicles.
 2. The rate at which the fuel cap integrity test is not performed on vehicles for which it should be performed exceeds the statewide average for similar vehicles.
 3. The rate at which the low pressure fuel evaporative test is not performed on vehicles for which it should be performed exceeds the statewide average for similar vehicles.
 4. The rate at which inspections are aborted exceeds 125% of the statewide average for similar vehicles.
 5. The rate at which inspections are restarted exceeds 125% of the statewide average for similar vehicles.
 6. The rate at which the maximum number of allowable OBDII readiness monitors are unset exceeds 125% of the statewide average for similar vehicles.
 7. The rate at which the OBDII inspection is not performed on vehicles for which it should be performed exceeds the statewide average for similar vehicles.
- iv. Follow-up Pass Rate (FPR)
- Identifies which STAR certified stations must employ higher performing technicians. Currently, there are no limitations as to whom a station can employ for the purpose of inspecting and repairing the highest-polluting vehicles. Stations are solely responsible for the behavior of their technicians. This change ensures that technicians will also be responsible for their long-term performance. Stations will be responsible for maintaining their FPR score; this can be accomplished by hiring the most competent technicians that repeatedly perform proper inspections. STAR certified stations that have low FPR scores will not be allowed to hire new technicians or technicians without FPR scores (generally caused by low test volume). STAR certified stations with higher FPR performance will be able to hire new technicians and technicians that have not received an FPR score.
- FPR scores will be available upon adoption of this regulation. This will provide stations and technicians sufficient time to improve an FPR score by modifying behavior prior to the actual application of this performance measure.
- v. Citations, Probation, Crimes, and Discipline
- Stations are ineligible for the STAR program if the station or technician has been issued any citations by BAR that took effect within the last year. Similarly, the station or technician may not have any administrative actions that became effective within the last three years. Stations and technicians may not have been convicted of a crime or be liable in a civil suit, as related to their duties as an ARD, a Smog Check station, or a Smog Check technician, that became effective within the last three years.
- vi. Compliance with all licensure, license posting, estimate, repair order, invoice, and record-keeping requirements.
- BAR requires STAR stations meet these requirements as a means of providing consumer protection.
- vii. Possession of all required manuals, publications, tools, equipment, and verification of their proper working order.
- BAR requires STAR stations to have and maintain these items to make sure the station is equipped to handle vehicle repairs. Ultimately, this requirement helps ensure consumer protection.
- viii. STAR certified stations must display a STAR sign.
- Consumers with a likely high-emitting or gross polluting vehicle must receive an inspection at a STAR certified station. This requirement necessitates BAR developing signage to help the public identify Smog Check stations that are eligible to provide STAR services.
- ix. STAR stations cannot have had a STAR certification invalidated within the last six months.

This requirement is necessary in order to ensure the protection of consumers from potentially fraudulent Smog Check inspections. Requiring stations to wait six months before reapplying will incentivize stations to work more diligently and carefully at performing inspections correctly. This condition reduces BAR workload associated with stations bouncing in and out of the program.

10. Add Section 3392.4 to Article 10 of Chapter 1 of Division 33 of Title 16 of the California Code of Regulations, as follows:

- a. Establish an effective date of January 1, 2013 for the STAR program.
- b. This section addresses the STAR certification program evaluation. Specifically, this section does the following:
 - i. STAR certified stations must continue to meet the STAR performance measures on a quarterly basis. This requirement will help ensure stations continue to operate at a high standard and likely high-emitting vehicles are inspected properly.
 - ii. This section allows BAR to physically inspect STAR certified stations for compliance with station requirements. This inspection will allow BAR to monitor station performance to ensure they continue to operate at a high standard.
 - iii. AB 2289 requires that BAR provide an individual technician and station their STAR score prior to the program being implemented. The scores will be made available on BAR's Web site and provide businesses and individuals an easily accessible medium for viewing their performance in relation to the STAR program. To view a STAR score an individual must know the station's or the technician's license number. Additionally, stations and technicians will have ample time to improve their behavior prior to the January 1, 2013 operational date of the STAR program.

11. Amend Section 3392.5 of Article 10 of Chapter 1 of Division 33 of Title 16 of the California Code of Regulations, as follows:

- a. Amend this section by adding a sunset date of December 31, 2012 for this Gold Shield program requirement. This change is necessary because AB 2289 requires BAR to develop a certification program that relies strictly on inspection-based performance standards. The new STAR program will become operational on January 1, 2013.

12. Add Section 3392.5.1 of Article 10 of Chapter 1 of Division 33 of Title 16 of the California Code of Regulations, as follows:

- a. This section becomes effective January 1, 2013 and specifies causes for invalidation of a STAR certification to ensure that stations and technicians are performing at an acceptable standard. The following are causes for invalidation:
 - i. The station, technician, or manager is subject to any disciplinary action or citation;
 - ii. The station's ARD registration or Smog Check license becomes delinquent;
 - iii. BAR disciplines the ARD registration or Smog Check station license, or the license of any technician employed by the station;
 - iv. The station does not meet for two consecutive calendar quarters the standard for any one of the following performance measures: SVFR; Gear Shift Incident; Excessive Test Deviation Rate;
 - v. The station employs a technician with an Follow-up Pass Rate (FPR) score below 0.1;
 - vi. The station's FPR score is less than 0.1 and the station employs a technician with no FPR score;
 - vii. The station's FPR score is less than 0.4 and the station hires a technician with no FPR score;
 - viii. The station hires a technician with an FPR score less than 0.4;
 - ix. The station is unable to provide the services required of a STAR station;
 - x. A station located in a basic or change of ownership area that issues a certificate of compliance to an Enhanced Area vehicle without the required ASM test. Vehicles purchased by a motor vehicle dealer with the intent of offering the

- vehicle for sale upon the dealer's premises are the exception to this rule.
- b. A station may give BAR at least ten days notice to withdraw from the STAR program.
13. Amend Section 3392.6 of Article 10 of Chapter 1 of Division 33 of Title 16 of the California Code of Regulations, as follows:
 - a. Amend this section by adding a sunset date of December 31, 2012 for this Gold Shield program requirement. This change is necessary because AB 2289 requires BAR to develop a certification program that relies solely on inspection-based performance standards. The new STAR program will become operational on January 1, 2013.
 14. Add Section 3392.6.1 of Article 10 of Chapter 1 of Division 33 of Title 16 of the California Code of Regulations, as follows:
 - a. This section was added due to the creation of the STAR certification program, which becomes effective January 1, 2013. AB 2289 mandates a specific appeal process and describes the amount of time given for STAR hearings and determinations.

Incorporation by Reference

CCR section 3394.3.1 incorporates the STAR Station Certification Application form (STAR-1 07/1/2012). This form will be used by Smog Check stations that are applying to become STAR certified.

The incorporation by reference of these applications is appropriate since publishing these documents in the California Code of Regulations would be cumbersome, unduly expensive, impractical and unnecessary. If anyone should wish to examine the revised applications, they are available upon request from BAR. The revised applications will also be available for review throughout this rulemaking process and will be available on BAR's Web site at www.smogcheck.ca.gov.

FISCAL IMPACT ESTIMATES

FISCAL IMPACT ON PUBLIC AGENCIES INCLUDING COSTS OR SAVINGS TO STATE AGENCIES AND COSTS/SAVINGS IN FEDERAL FUNDING TO THE STATE:

No cost or savings to state agencies and in federal funding to the state.

The proposed STAR program is a voluntary program authorized pursuant to AB 2289 (Eng, Chapter 258, Statutes of 2010). The purpose of the legislation is to help ensure likely high-emitting vehicles receive a

biennial Smog Check inspection at higher-performing stations. These changes are intended to improve the effectiveness of the Smog Check Program and help improve California air quality.

NONDISCRETIONARY COSTS/SAVINGS TO LOCAL AGENCIES

None.

LOCAL MANDATE

None.

COSTS TO ANY LOCAL AGENCY OR SCHOOL DISTRICT FOR WHICH GOVERNMENT CODE SECTIONS 17500-17630 REQUIRES REIMBURSEMENT

None.

BUSINESS IMPACT

BAR has made an initial determination that the proposed regulatory action would have no significant state-wide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

The proposed regulation creates a new certification program referred to as the STAR program. This program does not require participation and there are no costs associated with becoming STAR certified.

IMPACT ON JOBS/NEW BUSINESSES

BAR has made an initial determination that the proposed regulatory action will not have any impact on the creation of jobs or new businesses, the elimination of jobs or existing businesses, or the expansion of businesses in the State of California.

COST IMPACT ON REPRESENTATIVE PRIVATE PERSON OR BUSINESS

The proposed STAR station inspection-based performance standards regulation will incentivize Smog Check stations and technicians to perform proper inspections (and repairs) of vehicles. The incentive allows Smog Check stations that meet certain performance criteria to perform inspections on likely high-emitting and gross-polluting vehicles.

Consumers will benefit in a number of different ways from the proposed regulation. As more vehicles with emissions-related problems are properly repaired, con-

sumers will benefit from reduced repair bills due to problems being detected early before the repairs become more costly. Additionally, consumers are expected to benefit from improved vehicle fuel economy and improved air quality from improved smog check performance by stations and technicians inspecting likely high-polluting vehicles.

STAR stations will be required to post a STAR program sign similar to the current Gold Shield sign. BAR has informally contacted a variety of sign manufacturers and determined the average cost is likely to be approximately \$60 per STAR certified station. In addition, STAR stations performing proper repairs on vehicles failing a Smog Check inspection may benefit through increased revenue.

EFFECT ON HOUSING COSTS

None.

EFFECT ON SMALL BUSINESS

The proposed STAR certification is a voluntary program and does not prevent any station from performing Smog Check inspections.

CONSIDERATION OF ALTERNATIVES

BAR must determine that no reasonable alternative, which it considered or that has otherwise been identified and brought to its attention, would either be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposal described in this Notice.

Any interested person may present statements or arguments orally or in writing relevant to the above determinations at the above-mentioned hearing.

INITIAL STATEMENT OF REASONS AND INFORMATION

BAR has prepared an Initial Statement of Reasons for the proposed action and has available all the information upon which the proposal is based.

TEXT OF PROPOSAL

Copies of the exact language of the proposed regulations and of the Initial Statement of Reasons, and all of the information upon which the proposal is based, may be obtained at the hearing or prior to the hearing upon

request from the Bureau of Automotive Repair at 10240 Systems Parkway, Sacramento, California, 95827.

AVAILABILITY AND LOCATION OF THE RULEMAKING FILE AND THE FINAL STATEMENT OF REASONS

All the information upon which the proposed regulations are based is contained in the rulemaking file that is available for public inspection by contacting the persons named below.

You may obtain a copy of the final statement of reasons once it has been prepared, by making a written request to the contact person named below or by accessing the Web site listed below.

CONTACT PERSON

Inquiries or comments concerning the proposed administrative action may be addressed to:

Steven Hall
Bureau of Automotive Repair
10240 Systems Parkway
Sacramento, CA 95827
Telephone: (916) 255-2135
Fax No.: (916) 255-1369
E-mail: steven.hall@dca.ca.gov

TITLE 22. DEPARTMENT OF CHILD SUPPORT SERVICES

NOTICE OF PROPOSED RULEMAKING TO AMEND THE CONFLICT OF INTEREST CODE OF THE DEPARTMENT OF CHILD SUPPORT SERVICES

NOTICE IS HEREBY GIVEN that the Department of Child Support Services (DCSS) proposes to amend

its Conflict of Interest Code. Amendment is to update the Conflict of Interest Code to follow the Fair Political Practices Commission model for Conflict of Interest Code text, to reflect structural changes in the organization of the DCSS, changes in positions with potential conflicts of interest and assignment of reporting requirements to some new position classifications. The provisions of the DCSS Conflict of Interest Code that will be amended include the appendices that list the positions with reporting requirements and the reporting requirement categories.

AVAILABILITY OF DOCUMENTS ON THE INTERNET

The proposed amended text of the DCSS Conflict of Interest Code including appendices and the Initial Statement of Reasons for this rulemaking are posted to the DCSS public website at:

<http://www.childsup.ca.gov/Resources/ChildSupportRegulations/tabid/144/Default.aspx>.

Any further revised version of the text and the Final Statement of Reasons will be posted to this webpage when they become available. The department has available all of the information upon which this rulemaking is based. That information is too voluminous to include here. If you do not have Internet access, copies of the amended DCSS Conflict of Interest Code and Initial Statement of Reasons may be secured from the contact person listed below.

CONTACT PERSON

Any inquiries regarding this action to amend the DCSS Conflict of Interest Code may be directed to:

Name: Lucila Ledesma
 Telephone: 916-464-5181
 Fax: 916-464-5069
 Email Address: lucila.ledesma@dcss.ca.gov or dcssregulationscoordinator@dcss.ca.gov
 Postal Address: Dept. of Child Support Services
 Legal Division MS-70
 Attn: Lucila Ledesma
 P.O. Box 419087
 Rancho Cordova, CA 95741-9087

WRITTEN COMMENT PERIOD

Any interested person, or his or her authorized representative, may submit written comments relevant to the proposed regulatory action to the DCSS. All comments should be submitted to the contact person named above

at the addresses or phone numbers provided. The written comment period shall begin on April 29, 2011 and end on June 13, 2011 at 5:00 p.m. The DCSS shall consider only comments received by the contact person at the DCSS Legal Offices by the deadline.

PUBLIC HEARING

The DCSS has not scheduled a public hearing for this proposed action. Any interested person or his or her representative may request a public hearing. If DCSS receives a written request for a public hearing from any interested person or his or her authorized representative no later than 15 days before the close of the written comment period, the DCSS will conduct a public hearing on this proposed action.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

The Department of Child Support Services (DCSS) adopted its original Conflict of Interest Code (COIC) in 2001. DCSS has subsequently grown, restructured organizationally, and changed and added some position classifications and their duties. The DCSS COIC needs to be amended to update it so that it properly reflects which departmental positions require disclosure of any personal financial interests with potential for conflict with duties, and what types of personal financial interests must be disclosed. Government Code section 87306 authorizes this amendment of the DCSS COIC.

The DCSS COIC is a regulation adopted into Title 22 of the California Code of Regulations at section 123000. It consists of section 123000, the Designated Positions Appendix, and the Disclosure Categories Appendix.

The text of section 123000 essentially functions to incorporate by reference the comprehensive COIC adopted by the Fair Political Practices Commission (FPPC). The complex requirements of the FPPC's COIC have been carefully developed and departments are encouraged to incorporate them by reference rather than draft their own language for this complex area of law. Section 123000 does not require any amendment at this time.

The Designated Positions Appendix has required the most amending because the DCSS has grown substantially since the original adoption of our COIC. There has also been increased specialization and position duty and title differentiation. All changes reflect current position titles and duties.

The Disclosure Categories Appendix contains three different disclosure categories into which positions with potential for conflicts of interest may be assigned. The only substantive amendment on this appendix is

made to category two by removal of its application to positions with regulatory authority. This change is to conform to the FPPC model and clarify that positions with regulatory authority report in category three.

AUTHORITY AND REFERENCE

Authority: Family Code sections 17306, 17310 & 17312; Government Code section 87306.

Reference: Government Code sections 87300–87302 & 87306.

DISCLOSURES REGARDING THE PROPOSED ACTION

The DCSS has determined that the adoption of the proposed amendments to the DCSS Conflict of Interest Code will not impose a cost or savings on any state agency, local agency or school district that is required to be reimbursed under Part 7 (commencing with section 17500) of Division 4 of the Government Code; will not result in any nondiscretionary cost or savings to local agencies; will not result in any cost or savings in federal funding to the state; will not impose a mandate on local agencies or school districts; and will not have any potential cost impact on private persons or businesses including small businesses.

CONSIDERATION OF ALTERNATIVES

The DCSS must determine that no reasonable alternative considered by the DCSS or that has otherwise been identified or brought to the attention of the DCSS would be more effective in carrying out the purpose for which these regulations are being implemented or would be as effective and less burdensome to affected private persons than these regulations.

TITLE 27. ENVIRONMENTAL PROTECTION AGENCY

NOTICE OF INTENTION TO AMEND THE CONFLICT-OF-INTEREST CODE FOR THE OFFICE OF THE SECRETARY OF THE CALIFORNIA ENVIRONMENTAL PROTECTION AGENCY

NOTICE IS HEREBY GIVEN that the Office of the Secretary of the California Environmental Protection Agency (Cal/EPA), pursuant to the authority vested in it by section 87306 of the Government Code, proposes amendment of its Conflict-of-Interest Code. The pur-

pose of these amendments is to implement the requirements of sections 87300 through 87302, and section 87306 of the Government Code.

The Office of the Secretary of Cal/EPA proposes to amend its Conflict of Interest Code to include employee positions that involve the making or participation in the making of decisions that may foreseeably have a material effect on any financial interest, as set forth in subdivision (a) of section 87302 of the Government Code.

This amendment renames existing classifications and, where warranted, moves them to a higher or lower category and deletes positions that are no longer used; and makes other technical changes. It also adds, in Category 3, the types of reporting for positions with duties relating to the Education and the Environment Initiative and makes conforming changes to renumber disclosure categories. Copies of the amended Code are available and may be requested from the Contact Person set forth below.

Any interested person may submit written statements, arguments, or comments relating to the proposed amendments by submitting them in writing no later than June 28, 2011, or at the conclusion of the public hearing, if requested, whichever comes later, to the contact person set forth below.

At this time no public hearing has been scheduled concerning the proposed amendments. If any interested person or the person's representative requests a public hearing, he or she must do so no later than June 13, 2011, by contacting the Contact Person set forth below.

The Office of the Secretary of Cal/EPA has prepared a written explanation of the reasons for the proposed amendments and has available the information on which the amendments are based. Copies of the proposed amendments, the written explanation of the reasons, and the information on which the amendments are based may be obtained by contacting the Contact Person set forth below.

The Office of the Secretary of Cal/EPA has determined that the proposed amendments:

1. Impose no mandate on local agencies or school districts.
2. Impose no costs or savings on any state agency.
3. Impose no costs on any local agency or school district that are required to be reimbursed under part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.
4. Will not result in any nondiscretionary costs or savings to local agencies.
5. Will not result in any costs or savings in federal funding to the state.
6. Will not have any potential costs impact on private persons, businesses or small businesses.

In making these proposed amendments, the Office of the Secretary of Cal/EPA must determine that no alternative considered by the agency would be more effective in carrying out the purpose for which the amendments are proposed, or would be as effective as and less burdensome to affected persons than the proposed amendments.

All inquiries concerning this proposed amendment and any communication required by this notice should be directed to:

GENERAL PUBLIC INTEREST

DEPARTMENT OF FISH AND GAME

SUCTION DREDGE PERMITTING PROGRAM

NOTICE OF AN UPCOMING INTERESTED PERSONS MEETING

In accordance with the Administrative Procedure Act, representatives from the California Department of Fish and Game are conducting a public meeting. The California Department of Fish and Game (CDFG) is proposing to adopt amended regulations governing the use of vacuum or suction dredge equipment for instream mining. Any interested person may present statements or recommendations at the public meeting, or may submit written comments relevant to the action to the person designated in this Notice as the contact person by May 10, 2011.

Public Meeting Tuesday, May 10, 2011

California Department of Fish and Game
1416 Ninth Street, 1st Floor Auditorium
Sacramento, CA 95814
9:00 a.m.–12:00 p.m.

Contact Person

PROPOSITION 65

OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT

STATE OF CALIFORNIA
ENVIRONMENTAL PROTECTION AGENCY
OFFICE OF ENVIRONMENTAL HEALTH
HAZARD ASSESSMENT
SAFE DRINKING WATER AND TOXIC
ENFORCEMENT ACT OF 1986

CHEMICALS KNOWN TO THE STATE
TO CAUSE CANCER OR
REPRODUCTIVE TOXICITY
April 29, 2011

The Safe Drinking Water and Toxic Enforcement Act of 1986 requires that the Governor revise and republish at least once per year the list of chemicals known to the State to cause cancer or reproductive toxicity. The identification number indicated in the following list is the Chemical Abstracts Service (CAS) Registry Number. No CAS number is given when several substances are presented as a single listing. The date refers to the initial appearance of the chemical on the list. For easy reference, chemicals which are shown underlined are newly added. Chemicals which are shown with a strikeout were placed on the list with the date noted, and have subsequently been removed.

CHEMICALS KNOWN TO THE STATE TO CAUSE CANCER

<u>Chemical</u>	<u>CAS Number</u>	<u>Date</u>
A-alpha-C (2-Amino-9H-pyrido[2,3-b]indole)	26148-68-5	January 1, 1990

1,1,2,2-Tetrachloroethane	79-34-5	July 1, 1990
Tetrachloroethylene (Perchloroethylene)	127-18-4	April 1, 1988
p-a,a,a-Tetrachlorotoluene	5216-25-1	January 1, 1990
Tetrafluoroethylene	116-14-3	May 1, 1997
Tetranitromethane	509-14-8	July 1, 1990
Thioacetamide	62-55-5	January 1, 1988
4,4'-Thiodianiline	139-65-1	April 1, 1988
Thiodicarb	59669-26-0	August 20, 1999
Thiouracil	141-90-2	June 11, 2004
Thiourea	62-56-6	January 1, 1988
Thorium dioxide	1314-20-1	February 27, 1987
Tobacco, oral use of smokeless products	—	April 1, 1988
Tobacco smoke	—	April 1, 1988
Toluene diisocyanate	26471-62-5	October 1, 1989
ortho-Toluidine	95-53-4	January 1, 1988
ortho-Toluidine hydrochloride	636-21-5	January 1, 1988
<u>para-Toluidine Delisted October 29, 1999</u>	106-49-0	January 1, 1990
Toxaphene (Polychlorinated camphenes)	8001-35-2	January 1, 1988

<u>Chemical</u>	<u>CAS Number</u>	<u>Date</u>
Toxins derived from <i>Fusarium moniliforme</i> (<i>Fusarium verticillioides</i>)	—	August 7, 2009
Treosulfan	299-75-2	February 27, 1987
S,S,S-Tributyl phosphorotrithioate (Tribufos, DEF)	78-48-8	February 25, 2011
Trichlormethine (Trimustine hydrochloride)	817-09-4	January 1, 1992
Trichloroethylene	79-01-6	April 1, 1988
2,4,6-Trichlorophenol	88-06-2	January 1, 1988
1,2,3-Trichloropropane	96-18-4	October 1, 1992
Trimethyl phosphate	512-56-1	May 1, 1996
2,4,5-Trimethylaniline and its strong acid salts	—	October 24, 1997
2,4,6-Trinitrotoluene (TNT)	118-96-7	December 19, 2008
Triphenyltin hydroxide	76-87-9	July 1, 1992
Tris(aziridiny)-para-benzoquinone (Triaziquone) <u>Delisted December 8, 2006</u>	68-76-8	October 1, 1989
Tris(1-aziridinyl)phosphine sulfide (Thiotepa)	52-24-4	January 1, 1988
Tris(2-chloroethyl) phosphate	115-96-8	April 1, 1992
Tris(2,3-dibromopropyl)phosphate	126-72-7	January 1, 1988
Trp-P-1 (Tryptophan-P-1)	62450-06-0	April 1, 1988
Trp-P-2 (Tryptophan-P-2)	62450-07-1	April 1, 1988
Trypan blue (commercial grade)	72-57-1	October 1, 1989
Unleaded gasoline (wholly vaporized)	—	April 1, 1988
Uracil mustard	66-75-1	April 1, 1988
Urethane (Ethyl carbamate)	51-79-6	January 1, 1988
Vanadium pentoxide (orthorhombic crystalline form)	1314-62-1	February 11, 2005
Vinclozolin	50471-44-8	August 20, 1999
Vinyl bromide	593-60-2	October 1, 1988
Vinyl chloride	75-01-4	February 27, 1987
4-Vinylcyclohexene	100-40-3	May 1, 1996
4-Vinyl-1-cyclohexene diepoxide (Vinyl cyclohexene dioxide)	106-87-6	July 1, 1990
Vinyl fluoride	75-02-5	May 1, 1997
Vinyl trichloride (1,1,2-Trichloroethane)	79-00-5	October 1, 1990
Wood dust	—	December 18, 2009
2,6-Xylidine (2,6-Dimethylaniline)	87-62-7	January 1, 1991
Zalcitabine	7481-89-2	August 7, 2009
Zidovudine (AZT)	30516-87-1	December 18, 2009
Zileuton	111406-87-2	December 22, 2000
Zineb <u>Delisted October 29, 1999</u>	12122-67-7	January 1, 1990

CHEMICALS KNOWN TO THE STATE TO CAUSE REPRODUCTIVE TOXICITY

<u>Chemical</u>	<u>Type of Reproductive Toxicity</u>	<u>CAS No.</u>	<u>Date Listed</u>
Acetazolamide	developmental	59-66-5	August 20, 1999
Acetohydroxamic acid	developmental	546-88-3	April 1, 1990
Acrylamide	developmental, male	79-06-1	February 25, 2011
Actinomycin D	developmental	50-76-0	October 1, 1992
All-trans retinoic acid	developmental	302-79-4	January 1, 1989
Alprazolam	developmental	28981-97-7	July 1, 1990
Altretamine	developmental, male	645-05-6	August 20, 1999
Amantadine hydrochloride	developmental	665-66-7	February 27, 2001
Amikacin sulfate	developmental	39831-55-5	July 1, 1990

<u>Chemical</u>	<u>Type of Reproductive Toxicity</u>	<u>CAS No.</u>	<u>Date Listed</u>
Aminogluthethimide	developmental	125-84-8	July 1, 1990
tert-Amyl methyl ether	developmental	994-05-8	December 18, 2009
Aminoglycosides	developmental	—	October 1, 1992
Aminopterin	developmental, female	54-62-6	July 1, 1987
Amiodarone hydrochloride	developmental, female, male	19774-82-4	August 26, 1997
Amitraz	developmental	33089-61-1	March 30, 1999
Amoxapine	developmental	14028-44-5	May 15, 1998
Anabolic steroids	female, male	—	April 1, 1990
Angiotensin converting enzyme (ACE) inhibitors	developmental	—	October 1, 1992
Anisindione	developmental	117-37-3	October 1, 1992
Arsenic (inorganic oxides)	developmental	—	May 1, 1997
Aspirin (NOTE: It is especially important not to use aspirin during the last three months of pregnancy, unless specifically directed to do so by a physician because it may cause problems in the unborn child or complications during delivery.)	developmental, female	50-78-2	July 1, 1990
Atenolol	developmental	29122-68-7	August 26, 1997
Auranofin	developmental	34031-32-8	January 29, 1999
Avermectin B1 (Abamectin)	developmental	71751-41-2	December 3, 2010
Azathioprine	developmental	446-86-6	September 1, 1996
Barbiturates	developmental	—	October 1, 1992
Beclomethasone dipropionate	developmental	5534-09-8	May 15, 1998
Benomyl	developmental, male	17804-35-2	July 1, 1991
Benzene	developmental, male	71-43-2	December 26, 1997
Benzodiazepines	developmental	—	October 1, 1992
Benzphetamine hydrochloride	developmental	5411-22-3	April 1, 1990
Bischloroethyl nitrosourea (BCNU) (Carmustine)	developmental	154-93-8	July 1, 1990
Bromacil lithium salt	developmental male	53404-19-6	May 18, 1999 January 17, 2003
1-Bromopropane	developmental, female, male	106-94-5	December 7, 2004
2-Bromopropane	female, male	75-26-3	May 31, 2005
Bromoxynil	developmental	1689-84-5	October 1, 1990
Bromoxynil octanoate	developmental	1689-99-2	May 18, 1999
Butabarbital sodium	developmental	143-81-7	October 1, 1992
1,3-Butadiene	developmental, female, male	106-99-0	April 16, 2004
1,4-Butanediol dimethane-sulfonate (Busulfan)	developmental	55-98-1	January 1, 1989
Butyl benzyl phthalate (BBP)	developmental	85-68-7	December 2, 2005
n-Butyl glycidyl ether	male	2426-08-6	August 7, 2009
Cadmium	developmental, male	—	May 1, 1997
Carbamazepine	developmental	298-46-4	January 29, 1999
Carbaryl	developmental, male	63-25-2	August 7, 2009
Carbon disulfide	developmental, female, male	75-15-0	July 1, 1989
Carbon monoxide	developmental	630-08-0	July 1, 1989
Carboplatin	developmental	41575-94-4	July 1, 1990
Chenodiol	developmental	474-25-9	April 1, 1990
Chlorambucil	developmental	305-03-3	January 1, 1989

<u>Chemical</u>	<u>Type of Reproductive Toxicity</u>	<u>CAS No.</u>	<u>Date Listed</u>
Chlorcyclizine hydrochloride	developmental	1620-21-9	July 1, 1987
Chlordecone (Kepone)	developmental	143-50-0	January 1, 1989
Chlordiazepoxide	developmental	58-25-3	January 1, 1992
Chlordiazepoxide hydrochloride	developmental	438-41-5	January 1, 1992
1-(2-Chloroethyl)-3-cyclohexyl-1-nitrosourea (CCNU) (Lomustine)	developmental	13010-47-4	July 1, 1990
Chloroform	developmental	67-66-3	August 7, 2009
2-Chloropropionic acid	male	598-78-7	August 7, 2009
Chlorsulfuron	developmental, female, male	64902-72-3	May 14, 1999
Chromium (hexavalent compounds)	developmental, female, male	—	December 19, 2008
Cidofovir	developmental, female, male	113852-37-2	January 29, 1999
Cladribine	developmental	4291-63-8	September 1, 1996
Clarithromycin	developmental	81103-11-9	May 1, 1997
Clobetasol propionate	developmental, female	25122-46-7	May 15, 1998
Clomiphene citrate	developmental	50-41-9	April 1, 1990
Clorazepate dipotassium	developmental	57109-90-7	October 1, 1992
Cocaine	developmental, female	50-36-2	July 1, 1989
Codeine phosphate	developmental	52-28-8	May 15, 1998
Colchicine	developmental, male	64-86-8	October 1, 1992
Conjugated estrogens	developmental	—	April 1, 1990
Cyanazine	developmental	21725-46-2	April 1, 1990
Cycloate	developmental	1134-23-2	March 19, 1999
Cyclohexanol	male	108-93-0	November 6, 1998
<u>Delisted January 25, 2002</u>			
Cycloheximide	developmental	66-81-9	January 1, 1989
Cyclophosphamide (anhydrous)	developmental, female, male	50-18-0	January 1, 1989
phosphamide (hydrated)	developmental, female, male	6055-19-2	January 1, 1989
Cyhexatin	developmental	13121-70-5	January 1, 1989
Cytarabine	developmental	147-94-4	January 1, 1989
Dacarbazine	developmental	4342-03-4	January 29, 1989
Danazol	developmental	17230-88-5	April 1, 1990
Daunorubicin hydrochloride	developmental	23541-50-6	July 1, 1990
2,4-D butyric acid	developmental, male	94-82-6	June 18, 1999
o,p' -DDT	developmental, female, male	789-02-6	May 15, 1998
p,p' -DDT	developmental, female, male	50-29-3	May 15, 1998
2,4DP (dichloroprop)	developmental	120-36-5	April 27, 1999
<u>Delisted January 25, 2002</u>			
Demeclocycline hydrochloride (internal use)	developmental	64-73-3	January 1, 1992
Diazepam	developmental	439-14-5	January 1, 1992
Diazoxide	developmental	364-98-7	February 27, 2001
1,2-Dibromo-3-chloropropane (DBCP)	male	96-12-8	February 27, 1987
Di-n-butyl phthalate (DBP)	developmental, female, male	84-74-2	December 2, 2005
Dichloroacetic acid	male	79-43-6	August 7, 2009
1,1-Dichloro-2,2-bis(p-chlorophenyl)ethylene (DDE)	developmental, male	72-55-9	March 30, 2010
Dichlorophene	developmental	97-23-4	April 27, 1999
Dichlorophenamide	developmental	120-97-8	February 27, 2001
Diclofop methyl	developmental	51338-27-3	March 5, 1999
Dicumarol	developmental	66-76-2	October 1, 1992
Di(2-ethylhexyl)phthalate (DEHP)	developmental, male	117-81-7	October 24, 2003

<u>Chemical</u>	<u>Type of Reproductive Toxicity</u>	<u>CAS No.</u>	<u>Date Listed</u>
Diethylstilbestrol (DES)	developmental	56-53-1	July 1, 1987
Diflunisal	developmental, female	22494-42-4	January 29, 1999
Diglycidyl ether	male	2238-07-5	August 7, 2009
Di- <i>n</i> -hexyl phthalate (DnHP)	female, male	84-75-3	December 2, 2005
Dihydroergotamine mesylate	developmental	6190-39-2	May 1, 1997
Di-isodecyl phthalate (DIDP)	developmental	68515-49-1/ 26761-40-0	April 20, 2007
Diltiazem hydrochloride	developmental	33286-22-5	February 27, 2001
N,N-Dimethylacetamide	developmental	127-19-5	May 21, 2010
<i>m</i> -Dinitrobenzene	male	99-65-0	July 1, 1990
<i>o</i> -Dinitrobenzene	male	528-29-0	July 1, 1990
<i>p</i> -Dinitrobenzene	male	100-25-4	July 1, 1990
2,4-Dinitrotoluene	male	121-14-2	August 20, 1999
2,6-Dinitrotoluene	male	606-20-2	August 20, 1999
Dinitrotoluene (technical grade)	female, male	—	August 20, 1999
Dinocap	developmental	39300-45-3	April 1, 1990
Dinoseb	developmental, male	88-85-7	January 1, 1989
Diphenylhydantoin (Phenytoin)	developmental	57-41-0	July 1, 1987
Disodium cyanodithioimidocarbonate	developmental	138-93-2	March 30, 1999
Doxorubicin hydrochloride (Adriamycin)	developmental, male	25316-40-9	January 29, 1999
Doxycycline (internal use)	developmental	564-25-0	July 1, 1990
Doxycycline calcium (internal use)	developmental	94088-85-4	January 1, 1992
Doxycycline hyclate (internal use)	developmental	24390-14-5	October 1, 1991
Doxycycline monohydrate (internal use)	developmental	17086-28-1	October 1, 1991
Endrin	developmental	72-20-8	May 15, 1998
Environmental tobacco smoke (ETS)	developmental	—	June 9, 2006
Epichlorohydrin	male	106-89-8	September 1, 1996
Ergotamine tartrate	developmental	379-79-3	April 1, 1990
Estropipate	developmental	7280-37-7	August 26, 1997
Ethionamide	developmental	536-33-4	August 26, 1997
Ethyl alcohol in alcoholic beverages	developmental	—	October 1, 1987
Ethyl- <i>tert</i> -butyl ether	male	637-92-3	December 18, 2009
Ethyl dipropylthiocarbamate	developmental	759-94-4	April 27, 1999
Ethylene dibromide	developmental, male	106-93-4	May 15, 1998
Ethylene glycol monoethyl ether	developmental, male	110-80-5	January 1, 1989
Ethylene glycol monomethyl ether	developmental, male	109-86-4	January 1, 1989
Ethylene glycol monoethyl ether acetate	developmental, male	111-15-9	January 1, 1993
Ethylene glycol monomethyl ether acetate	developmental, male	110-49-6	January 1, 1993
Ethylene oxide	female	75-21-8	February 27, 1987
	developmental, male		August 7, 2009
Ethylene thiourea	developmental	96-45-7	January 1, 1993
2-Ethylhexanoic acid	developmental	149-57-5	August 7, 2009
Etodolac	developmental, female	41340-25-4	August 20, 1999
Etoposide	developmental	33419-42-0	July 1, 1990
Etretinate	developmental	54350-48-0	July 1, 1987
Fenoxaprop ethyl	developmental	66441-23-4	March 26, 1999
Filgrastim	developmental	121181-53-1	February 27, 2001
Fluazifop butyl	developmental	69806-50-4	November 6, 1998
Flunisolide	developmental, female	3385-03-3	May 15, 1998

<u>Chemical</u>	<u>Type of Reproductive Toxicity</u>	<u>CAS No.</u>	<u>Date Listed</u>
Fluorouracil	developmental	51-21-8	January 1, 1989
Fluoxymesterone	developmental	76-43-7	April 1, 1998
Flurazepam hydrochloride	developmental	1172-18-5	October 1, 1992
Flurbiprofen	developmental, female	5104-49-4	August 20, 1999
Flutamide	developmental	13311-84-7	July 1, 1990
Fluticasone propionate	developmental	80474-14-2	May 15, 1998
Fluvalinate	developmental	69409-94-5	November 6, 1998
Ganciclovir	developmental, male	82410-32-0	August 26, 1997
Ganciclovir sodium	developmental, male	107910-75-8	August 26, 1997
Gemfibrozil	female, male	25812-30-0	August 20, 1999
Goserelin acetate	developmental, female, male	65807-02-5	August 26, 1997
Halazepam	developmental	23092-17-3	July 1, 1990
Halobetasol propionate	developmental	66852-54-8	August 20, 1999
Haloperidol	developmental, female	52-86-8	January 29, 1999
Halothane	developmental	151-67-7	September 1, 1996
Heptachlor	developmental	76-44-8	August 20, 1999
Hexachlorobenzene	developmental	118-74-1	January 1, 1989
Hexafluoroacetone	male	684-16-2	August 1, 2008
Hexamethylphosphoramide	male	680-31-9	October 1, 1994
Histrelin acetate	developmental	—	May 15, 1998
Hydramethylnon	developmental, male	67485-29-4	March 5, 1999
Hydroxyurea	developmental	127-07-1	May 1, 1997
Idarubicin hydrochloride	developmental, male	57852-57-0	August 20, 1999
Ifosfamide	developmental	3778-73-2	July 1, 1990
Iodine-131	developmental	10043-66-0	January 1, 1989
Isotretinoin	developmental	4759-48-2	July 1, 1987
Lead	developmental, female, male	—	February 27, 1987
Leuprolide acetate	developmental, female, male	74381-53-6	August 26, 1997
Levodopa	developmental	59-92-7	January 29, 1999
Levonorgestrel implants	female	797-63-7	May 15, 1998
Linuron	developmental	330-55-2	March 19, 1999
Lithium carbonate	developmental	554-13-2	January 1, 1991
Lithium citrate	developmental	919-16-4	January 1, 1991
Lorazepam	developmental	846-49-1	July 1, 1990
Lovastatin	developmental	75330-75-5	October 1, 1992
Mebendazole	developmental	31431-39-7	August 20, 1999
Medroxyprogesterone acetate	developmental	71-58-9	April 1, 1990
Megestrol acetate	developmental	595-33-5	January 1, 1991
Melphalan	developmental	148-82-3	July 1, 1990
Menotropins	developmental	9002-68-0	April 1, 1990
Meprobamate	developmental	57-53-4	January 1, 1992
Mercaptopurine	developmental	6112-76-1	July 1, 1990
Mercury and mercury compounds	developmental	—	July 1, 1990
Methacycline hydrochloride	developmental	3963-95-9	January 1, 1991
Metham sodium	developmental	137-42-8	May 15, 1998
Methazole	developmental	20354-26-1	December 1, 1999
Methimazole	developmental	60-56-0	July 1, 1990
Methotrexate	developmental	59-05-2	January 1, 1989
Methotrexate sodium	developmental	15475-56-6	April 1, 1990
Methyl bromide as a structural fumigant	developmental	74-83-9	January 1, 1993

<u>Chemical</u>	<u>Type of Reproductive Toxicity</u>	<u>CAS No.</u>	<u>Date Listed</u>
Methyl chloride	developmental male	74-87-3	March 10, 2000 August 7, 2009
Methyl n-butyl ketone	male	591-78-6	August 7, 2009
Methyl isocyanate (MIC)	developmental, female	624-83-9	November 12, 2010
Methyl mercury	developmental	—	July 1, 1987
N-Methylpyrrolidone	developmental	872-50-4	June 15, 2001
Methyltestosterone	developmental	58-18-4	April 1, 1990
Metiram	developmental	9006-42-2	March 30, 1999
Midazolam hydrochloride	developmental	59467-96-8	July 1, 1990
Minocycline hydrochloride (internal use)	developmental	13614-98-7	January 1, 1992
Misoprostol	developmental	59122-46-2	April 1, 1990
Mitoxantrone hydrochloride	developmental	70476-82-3	July 1, 1990
Molinate	developmental, female, male	2212-67-1	December 11, 2009
Myclobutanil	developmental, male	88671-89-0	April 16, 1999
Nabam	developmental	142-59-6	March 30, 1999
Nafarelin acetate	developmental	86220-42-0	April 1, 1990
Neomycin sulfate (internal use)	developmental	1405-10-3	October 1, 1992
Netilmicin sulfate	developmental	56391-57-2	July 1, 1990
Nickel carbonyl	developmental	13463-39-3	September 1, 1996
Nicotine	developmental	54-11-5	April 1, 1990
Nifedipine	developmental, female, male	21829-25-4	January 29, 1999
Nimodipine	developmental	66085-59-4	April 24, 2001
Nitrapyrin	developmental	1929-82-4	March 30, 1999
Nitrobenzene	male	98-95-3	March 30, 2010
Nitrofurantoin	male	67-20-9	April 1, 1991

**OFFICE OF ENVIRONMENTAL
HEALTH HAZARD ASSESSMENT**

**CALIFORNIA ENVIRONMENTAL
PROTECTION AGENCY
OFFICE OF ENVIRONMENTAL HEALTH
HAZARD ASSESSMENT**

**SAFE DRINKING WATER AND TOXIC
ENFORCEMENT ACT OF 1986
(Proposition 65)**

**NOTICE TO INTERESTED PARTIES
April 29, 2011**

**CHEMICALS LISTED EFFECTIVE
APRIL 29, 2011
AS KNOWN TO THE STATE OF CALIFORNIA
TO CAUSE CANCER**

The Office of Environmental Health Hazard Assessment (OEHHA) within the California Environmental Protection Agency is adding four chemicals — *cyclopenta[cd]pyrene* (CAS No. 27208-37-3), *ethanol in alcoholic beverages*, *leather dust*, and *salted fish, Chinese-style* — to the list of chemicals known to the state to cause cancer for purposes of the Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65¹). The listing of these four chemicals is effective **April 29, 2011**.

Health and Safety Code section 25249.8(a) requires that certain substances identified by the International Agency for Research on Cancer (IARC) or the National Toxicology Program (NTP), as described in Labor Code section 6382(b)(1) and (d), be included on the Proposition 65 list as causing cancer. Labor Code section 6382(b)(1) references substances identified as hu-

¹ Health and Safety Code, section 25249.5 et seq.

man or animal carcinogens by IARC, and Labor Code section 6382(d) references substances identified as carcinogens or potential carcinogens by IARC or NTP.

The basis for the listing of the four chemicals was described in a public notice published in the March 4, 2011, issue of the *California Regulatory Notice Register* (Register 2011, No. 9–Z). The title of the notice was “Notice of Intent to List Chemicals by the Labor Code Mechanism”. The publication of the notice initiated a 30-day public comment period that closed on April 4, 2011.

A complete, updated Proposition 65 list is published elsewhere in this issue of the *California Regulatory Notice Register* and is available on the OEHHA website at <http://www.oehha.ca.gov/prop65.html>.

Chemical	CAS No.	Toxicological Endpoint	Listing Mechanism ²
Cyclopenta[cd]pyrene	27208–37–3	cancer	LC
Ethanol in alcoholic beverages	—	cancer	LC
Leather dust	—	cancer	LC
Salted fish, Chinese-style	—	cancer	LC

² Listing mechanism: LC — “Labor Code” mechanism (Labor Code sections 6382(b)(1) and (d))

OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT

CALIFORNIA ENVIRONMENTAL PROTECTION AGENCY OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT

SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986 (Proposition 65)

NOTICE TO INTERESTED PARTIES April 29, 2011

CHEMICALS LISTED EFFECTIVE May 3, 2011 AS KNOWN TO THE STATE OF CALIFORNIA TO CAUSE CANCER

The Office of Environmental Health Hazard Assessment (OEHHA) within the California Environmental Protection Agency is adding four chemicals — *androstenedione* (CAS No. 63–05–8), *dibromoacetone* (CAS No. 3252–43–5), *hexachlorobutadiene* (CAS No. 87–68–3), and *malonaldehyde, sodium salt* (CAS No. 24382–04–5) — to the list of chemicals known to the state to cause cancer for purposes of the Safe Drink-

ing Water and Toxic Enforcement Act of 1986 (Proposition 65¹). The listing of the four chemicals is effective **May 3, 2011**.

The listings of *androstenedione*, *dibromoacetone*, and *malonaldehyde, sodium salt* are based on formal identifications by an authoritative body², the National Toxicology Program (NTP), that the chemicals cause cancer. The listing of *hexachlorobutadiene* is based on a formal identification by an authoritative body, the U.S. Environmental Protection Agency (U.S. EPA), that the chemical causes cancer. The criteria used by OEHHA for the listing of chemicals under the “authoritative bodies” mechanism can be found in Title 27, Cal. Code of Regs., section 25306.

The documentation supporting OEHHA’s determination that the criteria for administrative listing have been satisfied for these chemicals is included in the Notice of Intent to List: Androstenedione, Dibromoacetone, Hexachlorobutadiene, and Malonaldehyde, sodium salt, published in the March 4, 2011 issue of the *California Regulatory Notice Register* (Register 2011, No. 9–Z).

A complete, updated Proposition 65 list is published elsewhere in this issue of the *California Regulatory Notice Register* and is available on the OEHHA website at <http://www.oehha.ca.gov/prop65.html>.

Chemical	CAS No.	Toxicological Endpoint	Listing Mechanism ³
Androstenedione	63–05–8	cancer	AB (NTP)
Dibromoacetone	3252–43–5	cancer	AB (NTP)
Hexachlorobutadiene	87–68–3	cancer	AB (U.S. EPA)
Malonaldehyde, sodium salt	24382–04–5	cancer	AB (NTP)

¹ Health and Safety Code, section 25249.5 et seq.

² See Health and Safety Code, section 25249.8(b) and Title 27, Cal. Code of Regs., section 25306.

³ Listing mechanism: AB — “authoritative bodies” mechanism (Title 27, Cal. Code of Regs. section 25306).

SUMMARY OF REGULATORY ACTIONS

REGULATIONS FILED WITH SECRETARY OF STATE

This Summary of Regulatory Actions lists regulations filed with the Secretary of State on the dates indicated. Copies of the regulations may be obtained by contacting the agency or from the Secretary of State, Archives, 1020 O Street, Sacramento, CA 95814, (916) 653–7715. Please have the agency name and the date filed (see below) when making a request.

BOARD OF ACCOUNTANCY
Fees

This regulatory action by the California Board of Accountancy (CBA) amends section 70 of title 16 of the California Code of Regulations. This amendment temporarily reduces various licensing fees for a period of four years. The purpose of the fee reduction is to reduce CBA's contingent fund reserve balance to approximately nine months of annual authorized expenditures, the amount statutorily mandated by Business and Professions Code section 5134.

BOARD OF EDUCATION
Standardized Testing and Reporting Program (STAR)

This rulemaking action conforms state regulations on the Student Testing and Reporting (STAR) program to changes in statute. It provides definitions for Alternate and Modified Assessments. It specifies various testing accommodations and modifications for students. It also establishes rules for test material security, data reporting, and the processing of test results for students whose parents have exempted them from STAR testing after the testing has occurred.

File # 2011-0302-01
COMMISSION ON PEACE OFFICER STANDARDS AND TRAINING
Requirements for Course Budgets

This regulatory action deals with allowable instructional costs and indirect costs that course coordinators

presenting, or planning to present, a POST-certified tuition-based course are to use when submitting the Course Administration Information and Course Budget via the EDI System. This action establishes that budgets are not required for conferences and charges for instructors cannot be claimed if they are providing instruction while on duty for their agency. Additionally, indirect cost may not exceed 20% of specified budgeted items. Indirect costs may be claimed only for expenses related to instructor salaries, instructor travel, coordinator salaries, coordinator travel and clerical salaries. This action also deletes the use of a course budget form that is no longer needed because all information is now submitted to POST electronically via the EDI System.

Title 11
California Code of Regulations
AMEND: 1054

DEPARTMENT OF CORRECTIONS AND
REHABILITATION
Parolee Reentry Court Program

This operational necessity emergency rulemaking action implements SBX3 18, Chapter 28 of 2009, to create the Parolee Reentry Court Program (RCP). The RCP serves as an alternative to reincarceration for parolees who have substance abuse or mental health conditions and who violate conditions of their parole. The rulemaking specifies RCP services, eligibility and exclusionary criteria, the referral process, parole agent duties, rules for processing parole violations and absconders from the RCP, and also incorporates by reference two new forms used in administration of the program.

DEPARTMENT OF FOOD AND AGRICULTURE
Light Brown Apple Moth Interior Quarantine

This certificate of compliance makes permanent the prior emergency amendments to section 3434, subdivisions (b) and (c) (OAL file no. 2010-0923-06E) that expanded the regulated quarantine area in the counties of Alameda, Contra Costa, Monterey, San Benito, Santa Clara and Solano by approximately 56 square miles that is currently designated a quarantine area for the light brown apple moth "LBAM" ("Epiphyas postvittana"). In addition, the quarantine area in the Ryer Island area of Sacramento County would expand by approximately six square miles and would expand in the Fairfield area of Solano County by approximately 13 square miles. The effect of the proposed amendments establish authority for the state to perform quarantine activities against the LBAM in these areas.

OCCUPATIONAL SAFETY AND HEALTH STANDARDS BOARD

Personal Protective Devices—Hazard Assessment & Equipment Selection

In preparing responses to an audit conducted by the US Department of Labor, Occupational Safety and Health Administration (Federal OSHA), the Division of Occupational Safety and Health ascertained that California lacks provisions equivalent to 29 CFR 1910.132(d)–(f) relating to Personal Protective Devices. The California Occupational Safety and Health Standards Board therefore adopts these standards for Personal Protective Devices (Hazard Assessment & Equipment Selection) that are the same as the federal requirements except for editorial and format differences. Pursuant to Labor Code section 142.3(a)(3), this matter is not subject to substantive review by the Office of Administrative Law as it is exempt from Articles 5 and 6 of the Administrative Procedure Act.

VETERINARY MEDICAL BOARD

Retroactive Fingerprinting and Disclosure

The Veterinary Medical Board (Board) submitted this regulatory action to add two new sections to and amend one existing section of Division 20 of Title 16 of the California Code of Regulations. The Board currently mandates that all licensees submit fingerprints to the Department of Justice (DOJ) for a state and federal criminal offender record information (CORI) search. New section 2010.05 requires all veterinarian and veterinary technician licensees who have not previously submitted fingerprints to the DOJ or for whom an electronic fingerprint record does not exist to successfully complete a CORI search as a prerequisite to license renewal. This section also requires licensees to disclose any disciplinary action against their license by any government agency or disciplinary body since their last renewal date. New section 2007 requires all licensees to respond to requests by the Board for criminal history information within 30 days. Finally, amended section 2085.1 directs all inactive licensees to comply with fingerprinting requirements at the time of reactivation.
